STARTS FOR GERMANY

PRINCE CHUN, THE CHINESE EMPEROR'S BROTHER, LEAVES PEKING.

IS A SPECTACULAR EVENT

Met at the Station by German Officials, a Guard of Honor and a Band. Many Chinese Assemble to Bid Him Farewell—Two Former Members of Von Waldersee's Staff Will Act as an Escort.

Peking, July 13.—The departure from Peking of Prince Chun, younger brother of Emperor Kwang Su, who has been selected formally to apologize at Berlin for the murder of Baron von Ketteler, was a spectacular event. A special train took Prince Chun and his suite from here to Taku, from which port he will proceed by steamer to Shanghai. He sails from Shanghai July 20 for Genoa, and will proceed directly from there to Berlin by rail. Prince Chun came to the railroad station in Peking on horseback. He was gorgeously attired in the royal yellow and followed by a long procession, composed of members of his staff, their servants and the luggage on carts. There he was met by the present German minister to China, Dr. Mumm von Schwarzenstein, a German military band and a guard of honor and two of his brothers. Many Chinese had assembled at the station to bid the prince farewell. Two German officers formerly attached to the staff of Field Marshal Count von Waldersee will personally conduct Prince Chun and his party to Berlin.

ACCEPTED BY ALL THE POWERS.

Important Scheme for Creating a Chinese Sinking Fund.

London, July 13.—An important scheme for creating a sinking fund for the Chinese indemnity has been accepted by all the powers. says the

Peking correspondent of The Daily Mail. It is on an ascending scale providing for the complete redemption of the bonds by 1934.

General Gasalee, British commander, will leave during the week for Wei Hai Wei, sailing from Yokohama July 20.

Mr. W. W. Rockhill expects to sail by the same steamer, accompanied by Hubbard T. Smith, United States consul at Canton, and D. Cheshire, who is retiring from his connection with the United States legation, chiefly as interpreter, after a quarter of a century's service.

Both Emperor Kwang Su and Li Hung Chang have decorated Mr. Cheshire with a double dragon in recognition of his services in the settlement of the war between China and Japan.

PRINCE TUAN'S UPRISING.

Germany Does Not Deem It a Serious Matter.

Berlin, July 13.—The correspondent of the Associated Press has been officially informed that Germany does not regard seriously the more recent news from China which says that there are strong indications that Prince Tuan is preparing to march against the foreigners and that there is danger of another "Boxer" uprising. It is not believed the reports indicate a renewal of the Boxer movement and the foreign troops left in China are deemed ample to afford protection against any uprising that Prince Tuan may inaugurate.

Will Support Japan's Application.

Washington, July 13.—Carrying out a decision reached about a month ago Secretary Hay has given instructions to Mr. Rockhill to support the Japanese application for an enlargement of their indemnity to be paid by China from 46,000,000 to 51,000,000 yen to cover the depreciation in Japanese bonds as compared with those of some other nations.

American Looters Sent to Jail.

Tien Tsin, July 13.—James W. Ragdale, American consul here, has sentenced three American looters caught in the Chinese quarter of this city, to three years' imprisonment in the American jail at Shanghai. Mr. Ragdale has turned over two Europeans

caught looting to the consuls of Great Britain and Denmark respectively.

ARE STILL MAROONED.

Salmon Strikers at Vancouver Have Forty-seven Prisoners.

Vancouver, B. C., July 13.—There are now 47 Japanese prisoners guarded by the salmon strikers and marooned on a small island in the Gulf of Georgia, according to the official statement of the union fishermen.

The provincial police are trying to ascertain the location of this island. The captive Japanese are being fed regularly and will be kept prisoners as long as possible. Others will be put on the island as captured, provided the present plan of the striking union men is maintained.

Boers Capture a Gun.

London, July 13.—A dispatch from Lord Kitchener, dated Pretoria and made public here, says that the Boers attacked a constabulary post at Houtkop July 11, capturing a 7-pound gun. They were eventually driven off. The British loss was three men killed and seven wounded.

One of the Robbers Killed.

Pottsville, Pa., July 13.—Four masked men entered the hotel of Peter Hoke of Yorkville, near here, at midnight and encountered the proprietor and Michael Ritzell and George A. Wachter, guests. During the fight which followed one of the robbers was shot and killed and Mr. Hoke was wounded in the leg. Three remaining burglars made their escape. The dead man has not been identified.

Ate Poisoned Pie.

Marietta, O., July 13.—Mrs. William Martin and her three daughters are in a critical condition from eating poisoned pie. The pastry was made from canned pumpkin.

TELEGRAPHIC BREVITIES.

The home of Conrad Elgert, a prominent farmer living near La Crosse, Wis., was robbed of nearly \$1,000 while he was at work. The theft left him penniless.

Richard B. Hubbard, formerly governor of Texas and during President Cleveland's first administration United States minister to Japan, is dead at his home in Tyler, Tex.

THE WORST DAY YET

NO RELIEF EXPERIENCED IN THE DROUTH STRICKEN DISTRICT.

WORST SPELL SINCE 1860

Covers Kansas, Western Missouri, Oklahoma and Indian Territory. Price of Hay Goes Soaring—Is Worth Nearly as Much, Pound for Pound, as Wheat—Corn and Potatoes Will Only Be a Half Crop.

Kansas City, July 13.—No rain fell during the day in any part of the drouth-stricken district, consisting of all of Kansas, Western Missouri, Oklahoma and Indian Territory. Over much of this region it was the worst day of the long hot spell, the temperature being more than 100 degs. and no breeze stirring. Corn, oats, hay and potatoes are so badly injured that even with rain the yield would be short, and as the weather bureau gives no hope of relief the outlook is discouraging. At some places in Kansas there has been no rainfall whatever for nearly three months. The present is the worst drouth since 1860, when New England sent food to the settlers of Kansas.

However, the past few years have been very prosperous ones, and even now the Kansas farmers are harvesting one of the largest crops of wheat, if not the largest, in the history of the state. A great many counties send word that with rain corn will be a half crop; without rain soon no yield. A few say there is yet hope for a fair harvest.

Price of Hay Breaks the Record.

Hay sold during the morning for \$20 a ton, a cent a pound, the highest price ever reached in this market. This is almost as much pound for pound as wheat is worth. Receipts were very small and most of the hay which came in was sold in the country before the drouth became so serious. Hay is so high here that it can be shipped in from Minnesota or Ohio or almost any state in the country that has a crop.

Kansas and Missouri, which usually furnish as much hay as any three Eastern states and at this time of the year are shipping trainloads of hay to other points, are buying hay this year. In numerous places there is no pasture and owners of cattle are shipping hay to their farms. Alfalfa has yielded well everywhere and will be the salvation of many farmers.

For the past five days 110,000 hogs have been received at the stock yards, breaking all records. These heavy shipments are due to the scarcity of corn. In Audrain county, Mo., young calves, worth \$5 a few days ago, are offered at \$1 a head.

FARM PRODUCE HIGH.

Long Continued Dry, Hot Weather Is Causing a Scarcity.

Chicago, July 13.—The long continued dry, hot weather has already made a dearth and is rapidly making a prospective famine in farm produce. Potatoes are 150 per cent higher than a year ago, when new early Ohio's sold from 27 to 29 cents a bushel. They are now 95 cents to \$1. Green corn is 100 per cent higher. Dealers could then buy it for 25 and 30 cents a bushel. They are now required to pay 50 and 60 cents. New cabbage at this time last year could be bought at \$1 per 100. The price is now \$1.75.

Iowa Corn Crop Suffers Little.

Des Moines, July 13.—The government thermometer registered a temperature of 102 during the afternoon, the highest of the year. Director Sage of the weather crop service says that because of the abnormal amount of moisture in the ground prior to the hot spell the Iowa corn crop has not suffered 2 per cent.

FISSURE IS WIDENING.

Trouble in the Liberal Party Seems to Be Growing Worse.

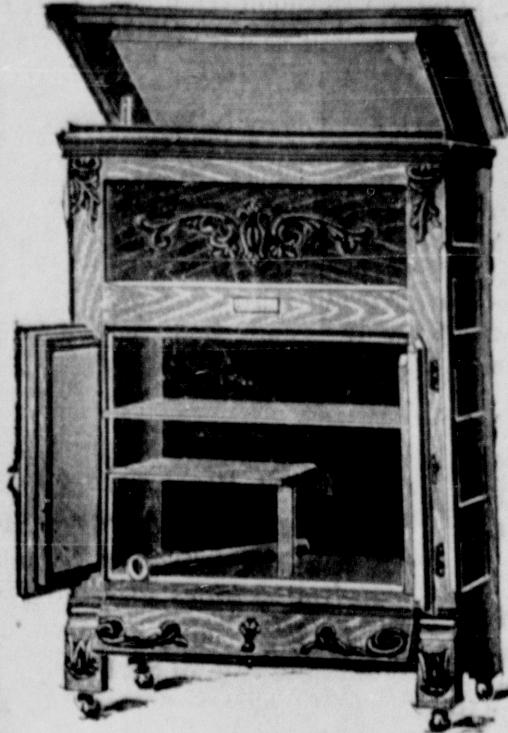

London, July 13.—The fissure in the Liberal party seems to be widening rather than closing. Much significance attaches to the announcement that Sir Henry Campbell-Bannerman, the Liberal leader, has written to Herbert Asquith, M. P., asking him to postpone the dinner which is being arranged by the Liberal Imperialists in his honor. Mr. Asquith refused to comply with the request.

Henry W. Massingham says that Lord Rosebery intends to issue a letter dealing with the situation, which for the moment occupies the attention of all politicians.

The late Senor Errazuriz was elected president of Chile June 25, 1896, for a term of five years, which began Sept. 18, 1896.

Victims Number Twenty-one.

Kansas City, July 13.—Leslie S. Colburn of Pawpaw, Mich., died at St. Joseph's hospital, being the 21st victim of the Chicago and Alton train wreck at Norton, Mo. Miss Lottie Still of Hornellsville, N. Y., died early in the morning at University hospital.

MOST REMARKABLE CASE.

Chicago Man Almost Beheaded But Is Still Alive.

Chicago, July 13.—Although his head is almost torn from the body Joseph Burdick is still alive, furnishing, it is said, one of the most remarkable cases known to physicians. Burdick's head hangs by a mere shred, having been all but taken off by a huge piece of metal which fell across his neck by the overturning of a flatcar. The trachea and larynx were completely torn away and the unfortunate man was taken to the hospital presumably to die. By some fortune his neck was not broken, nor were jugular vein and carotid artery injured, although both were fully exposed where the flesh had been torn away. At the hospital Burdick was promptly operated upon and equipped with a device for breathing which projects from the throat just above the collar bone.

Dr. I. Clark Gary, in speaking of the case, said:

"Hunt, the medical authority, cites only 27 cases of a character that even approach this and none of them approach it in the completeness of the work of destruction. It is safe to assume that the injured man will live and he will be confronted by a peculiar condition. He will never be able to utter a sound, nor even a groan. He will have to acquire the means of communication used by mutes and to do this he will have to start in life at the bottom, just as a child has to."

WILL HAVE TO WITHDRAW.

Captain Allen Says America Cannot Conquer the Philippines.

Indianapolis, July 13.—Captain D. F. Allen of Frankfort, commanding Company I, Thirty-eighth United States volunteers, which returned home a few days ago and was given a great demonstration, said in an interview at the governor's office that the surrection will continue. He said he believed the United States would eventually have to withdraw from the Philippines.

"The Philippine insurrection is not broken," he declared. "If the Filipinos could shoot straight it would be impossible for the United States troops to withstand their attacks."

Captain Allen said that he believed Aguinaldo would take the first opportunity to make his escape and get into the mountains. Captain Allen was the Democratic candidate for congress last year, but was defeated by Charles B. Landis.

EDUCATORS ADJOURN.

Fortieth Annual Convention at Detroit at an End.

Detroit, July 13.—The National Educational association at the last session of its 40th annual convention adopted a declaration of principles declaring that the problem of elementary education is the most important one with which the state must deal. The work of the bureau of education under Commissioner William T. Harris was endorsed and the association declared that its powers should be

extended so as to give it jurisdiction over educational matters in all of our new possessions. Compulsory educational laws and the consolidation of rural schools were endorsed and state support of institutions for the training of teachers recommended.

Mr. W. W. Rockhill expects to sail by the same steamer, accompanied by Hubbard T. Smith, United States consul at Canton, and D. Cheshire, who is retiring from his connection with the United States legation, chiefly as interpreter, after a quarter of a century's service.

Both Emperor Kwang Su and Li Hung Chang have decorated Mr. Cheshire with a double dragon in recognition of his services in the settlement of the war between China and Japan.

PRINCE TUAN'S UPRISING.

Berlin, July 13.—The correspondent of the Associated Press has been officially informed that Germany does not regard seriously the more recent news from China which says that there are strong indications that Prince Tuan is preparing to march against the foreigners and that there is danger of another "Boxer" uprising. It is not believed the reports indicate a renewal of the Boxer movement and the foreign troops left in China are deemed ample to afford protection against any uprising that Prince Tuan may inaugurate.

Will Support Japan's Application.

Washington, July 13.—Carrying out a decision reached about a month ago Secretary Hay has given instructions to Mr. Rockhill to support the Japanese application for an enlargement of their indemnity to be paid by China from 46,000,000 to 54,000,000 yen to cover the depreciation in Japanese bonds as compared with those of some other nations.

American Looters Sent to Jail.

Tien Tsin, July 13.—James W. Ragdale, American consul here, has sentenced three American looters caught in the Chinese quarter of this city, to three years' imprisonment in the American jail at Shanghai. Mr. Ragdale has turned over two Europeans

caught looting to the consuls of Great Britain and Denmark respectively.

ARE STILL MAROONED.

Salmon Strikers at Vancouver Have Forty-seven Prisoners.

Vancouver, B. C., July 13.—There are now 47 Japanese prisoners guarded by the salmon strikers and marooned on a small island in the Gulf of Georgia, according to the official statement of the union fishermen.

The provincial police are trying to ascertain the location of this island. The captive Japanese are being fed regularly and will be kept prisoners as long as possible. Others will be put on the island as captured, provided the present plan of the striking union men is maintained.

Boers Capture a Gun.

THE WORST DAY YET

NO RELIEF EXPERIENCED IN THE DROUTH STRICKEN DISTRICT.

WORST SPELL SINCE 1860

Covers Kansas, Western Missouri, Oklahoma and Indian Territory.

Price of Hay Goes Soaring—Is Worth Nearly as Much, Pound for Pound, as Wheat—Corn and Potatoes Will Only Be a Half Crop.

Kansas City, July 13.—No rain fell during the day in any part of the drouth-stricken district, consisting of all of Kansas, Western Missouri, Oklahoma and Indian Territory. Over much of this region it was the worst day of the long hot spell, the temperature being more than 100 degs. and no breeze stirring. Corn, oats, hay and potatoes are so badly injured that even with rain the yield would be short, and as the weather bureau gives no hope of relief the outlook is discouraging. At some places in Kansas there has been no rainfall whatever for nearly three months. The present is the worst drouth since 1860, when New England sent food to the settlers of Kansas.

However, the past few years have been very prosperous ones, and even now the Kansas farmers are harvesting one of the largest crops of wheat, if not the largest, in the history of the state. A great many counties send word that with rain corn will be a half crop; without rain soon no yield. A few say there is yet hope for a fair harvest.

Price of Hay Breaks the Record.

Hay sold during the morning for \$20 a ton, a cent a pound, the highest price ever reached in this market. This is almost as much pound for pound as wheat is worth. Receipts were very small and most of the hay which came in was sold in the country before the drouth became so serious. Hay is so high here that it can be shipped in from Minnesota or Ohio or almost any state in the country that has a crop.

Kansas and Missouri, which usually furnish as much hay as any three Eastern states and at this time of the year are shipping trainloads of hay to other points, are buying hay this year. In numerous places there is no pasture and owners of cattle are shipping hay to their farms. Alfalfa has yielded well everywhere and will be the salvation of many farmers.

For the past five days 110,000 hogs have been received at the stock yards, breaking all records. These heavy shipments are due to the scarcity of corn. In Audrain county, Mo., young calves, worth \$5 a few days ago, are offered at \$1 a head.

FARM PRODUCE HIGH.

Long Continued Dry, Hot Weather is Causing a Scarcity.

Chicago, July 13.—The long continued dry, hot weather has already made a dearth and is rapidly making a prospective famine in farm produce. Potatoes are 150 per cent higher than a year ago, when new early Ohio's sold from 27 to 29 cents a bushel. They are now 95 cents to \$1. Green corn is 100 per cent higher. Dealers could then buy it for 25 and 30 cents a bushel. They are now required to pay 50 and 60 cents. New cabbage at this time last year could be bought at \$1 per 100. The price is now \$1.75.

Iowa Corn Crop Suffers Little.

Des Moines, July 13.—The government thermometer registered a temperature of 102 during the afternoon, the highest of the year. Director Sage of the weather crop service says that because of the abnormal amount of moisture in the ground prior to the hot spell the Iowa corn crop has not suffered 2 per cent.

FISSURE IS WIDENING.

Trouble in the Liberal Party Seems to Be Growing Worse.

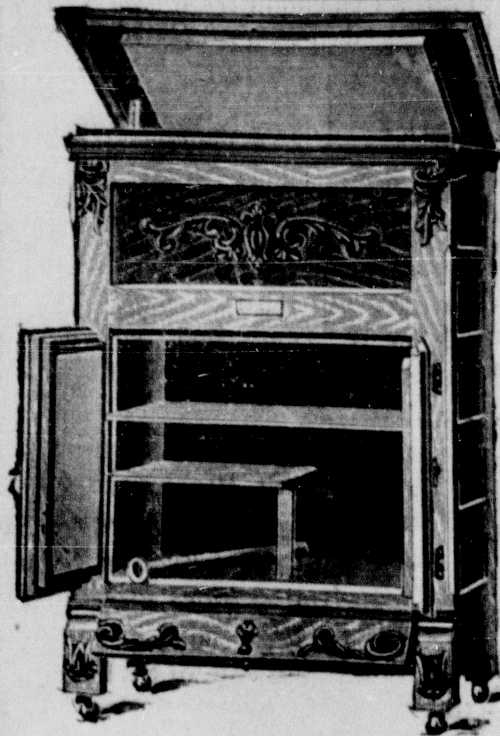

London, July 13.—The fissure in the Liberal party seems to be widening rather than closing. Much significance attaches to the announcement that Sir Henry Campbell-Bannerman, the Liberal leader, has written to Herbert Asquith, M. Burdick's head hangs by a mere shred, having been all but taken off by a huge piece of metal which fell across his neck by the overturning of a flatcar. The trachea and larynx were completely torn away and the unfortunate man was taken to the hospital presumably to die. By some fortune his neck was not broken, nor were jugular vein and carotid artery injured, although both were fully exposed where the flesh had been torn away. At the hospital Burdick was promptly operated upon and equipped with a device for breathing which projects from the throat just above the collar bone.

Dr. I. Clark Gary, in speaking of the case, said:

"Hunt, the medical authority, cites only 27 cases of a character that even approach this and none of them approach it in the completeness of the work of destruction. It is safe to assume that the injured man will live and he will be confronted by a peculiar condition. He will never be able to utter a sound, nor even a groan. He will have to acquire the means of communication used by mutes and to do this he will have to start in life at the bottom, just as a child has to."

WILL HAVE TO WITHDRAW.

Captain Allen Says America Cannot Conquer the Philippines.

Indianapolis, July 13.—Captain D. F. Allen of Frankfort, commanding Company I, Thirty-eighth United States volunteers, which returned home a few days ago and was given a great demonstration, said in an interview at the governor's office that the insurrection will continue. He said he believed the United States would eventually have to withdraw from the Philippines.

"The Philippine insurrection is not broken," he declared. "If the Filipinos could shoot straight it would be impossible for the United States troops to withstand their attacks."

Aguainaldo would take the first opportunity to make his escape and get into the mountains. Captain Allen was the Democratic candidate for congress last year, but was defeated by Charles B. Landis.

EDUCATORS ADJOURN.

Fortieth Annual Convention at Detroit at an End.

Detroit, July 13.—The National Educational association at the last session of its 40th annual convention adopted a declaration of principles declaring that the problem of elementary education is the most important one with which the state must deal. The work of the bureau of education under Commissioner William T. Harris was endorsed and the association declared that its powers should be

extended so as to give it jurisdiction over educational matters in all of our new possessions. Compulsory educational laws and the consolidation of rural schools were endorsed and state support of institutions for the training of teachers recommended.

STARTS FOR GERMANY

PRINCE CHUN, THE CHINESE EMPEROR'S BROTHER, LEAVES PEKING.

IS A SPECTACULAR EVENT

Met at the Station by German Officials, a Guard of Honor and a Band. Many Chinese Assemble to Bid Him Farewell—Two Former Members of Von Waldersee's Staff Will Act as an Escort.

Peking, July 13.—The departure from Peking of Prince Chun, younger brother of Emperor Kwang Su, who has been selected formally to apologize at Berlin for the murder of Baron von Ketteler, was a spectacular event. A special train took Prince Chun and his suite from here to Taku, from which port he will proceed by steamer to Shanghai. He sails from Shanghai July 20 for Genoa, and will proceed directly from there to Berlin by rail. Prince Chun came to the railroad station in Peking on horseback. He was gorgeously attired in the royal yellow and followed by a long procession, composed of members of his staff, their servants and the luggage on carts. There he was met by the present German minister to China, Dr. Mumm von Schwarzenstein, a German military band and a guard of honor and two of his brothers. Many Chinese had assembled at the station to bid the prince farewell. Two German officers formerly attached to the staff of Field Marshal Count von Waldersee will personally conduct Prince Chun and his party to Berlin.

ACCEPTED BY ALL THE POWERS.

Important Scheme for Creating a Chinese Sinking Fund. London, July 13.—An important scheme for creating a sinking fund for the Chinese indemnity has been accepted by all the powers, says the

Peking correspondent of The Daily Mail. It is on an ascending scale providing for the complete redemption of the bonds by 1934.

General Gasalee, British commander, will leave during the week for Wei Hai Wei, sailing from Yokohama July 20.

Mr. W. W. Rockhill expects to sail by the same steamer, accompanied by Hubbard T. Smith, United States consul at Canton, and D. Cheshire, who is retiring from his connection with the United States legation, chiefly as interpreter, after a quarter of a century's service.

Both Emperor Kwang Su and Li Hung Chang have decorated Mr. Cheshire with a double dragon in recognition of his services in the settlement of the war between China and Japan.

PRINCE TUAN'S UPRISING.

Germany Does Not Deem It a Serious Matter.

Berlin, July 13.—The correspondent of the Associated Press has been officially informed that Germany does not regard seriously the more recent news from China which says that there are strong indications that Prince Tuan is preparing to march against the foreigners and that there is danger of another "Boxer" uprising. It is not believed the reports indicate a renewal of the Boxer movement and the foreign troops left in China are deemed ample to afford protection against any uprising that Prince Tuan may inaugurate.

Will Support Japan's Application.

Washington, July 13.—Carrying out a decision reached about a month ago Secretary Hay has given instructions to Mr. Rockhill to support the Japanese application for an enlargement of their indemnity to be paid by China from 46,000,000 to 54,000,000 yen to cover the depreciation in Japanese bonds as compared with those of some other nations.

American Looters Sent to Jail.

Tien Tsin, July 13.—James W. Ragdale, American consul here, has sentenced three American looters caught in the Chinese quarter of this city, to three years' imprisonment in the American jail at Shanghai. Mr. Ragdale has turned over two Europeans

caught looting to the consuls of Great Britain and Denmark respectively.

ARE STILL MAROONED.

Salmon Strikers at Vancouver Have Forty-seven Prisoners.

Vancouver, B. C., July 13.—There are now 47 Japanese prisoners guarded by the salmon strikers and marooned on a small island in the Gulf of Georgia, according to the official statement of the police fishermen.

The provincial police are trying to ascertain the location of this island. The captive Japanese are being fed regularly and will be kept prisoners as long as possible. Others will be put on the island as captured, provided the present plan of the striking union men is maintained.

Boers Capture a Gun.

London, July 13.—A dispatch from Lord Kitchener, dated Pretoria and made public here, says that the Boers attacked a constabulary post at Houtkop July 11, capturing a 7-pound gun. They were eventually driven off. The British loss was three men killed and seven wounded.

One of the Robbers Killed.

Pottsville, Pa., July 13.—Four masked men entered the hotel of Peter Hoke of Yorkville, near here, at midnight and encountered the proprietor and Michael Ritzell and George A. Wachter, guests. During the fight which followed one of the robbers was shot and killed and Mr. Hoke was wounded in the leg. Three remaining burglars made their escape. The dead man has not been identified.

Ate Poisoned Pie.

Marietta, O., July 13.—Mrs. William Martin and her three daughters are in a critical condition from eating poisoned pie. The pastry was made from canned pumpkin.

TELEGRAPHIC BREVITIES.

The home of Conrad Elgert, a prominent farmer living near La Crosse, Wis., was robbed of nearly \$1,000 while he was at work. The theft left him penniless.

Richard B. Hubbard, formerly governor of Texas and during President Cleveland's first administration United States minister to Japan, is dead at his home in Tyler, Tex.

THE WORST DAY YET

NO RELIEF EXPERIENCED IN THE DROUTH STRICKEN DISTRICT.

WORST SPELL SINCE 1860

Covers Kansas, Western Missouri, Oklahoma and Indian Territory. Price of Hay Goes Soaring—Is Worth Nearly as Much, Pound for Pound, as Wheat—Corn and Potatoes Will Only Be a Half Crop.

Kansas City, July 13.—No rain fell during the day in any part of the drouth-stricken district, consisting of all of Kansas, Western Missouri, Oklahoma and Indian Territory. Over much of this region it was the worst day of the long hot spell, the temperature being more than 100 degs. and no breeze stirring. Corn, oats, hay and potatoes are so badly injured that even with rain the yield would be short, and as the weather bureau gives no hope of relief the outlook is discouraging. At some places in Kansas there has been no rainfall whatever for nearly three months. The present is the worst drouth since 1860, when New England sent food to the settlers of Kansas.

However, the past few years have been very prosperous ones, and even now the Kansas farmers are harvesting one of the largest crops of wheat, if not the largest, in the history of the state. A great many counties send word that with rain corn will be a half crop; without rain soon no yield. A few say there is yet hope for a fair harvest.

Price of Hay Breaks the Record.

Hay sold during the morning for \$20 a ton, a cent a pound, the highest price ever reached in this market. This is almost as much pound for pound as wheat is worth. Receipts were very small and most of the hay which came in was sold in the country before the drouth became so serious. Hay is so high here that it can be shipped in from Minnesota or Ohio or almost any state in the country that has a crop.

Kansas and Missouri, which usually furnish as much hay as any three Eastern states and at this time of the year are shipping trainloads of hay to other points, are buying hay this year. In numerous places there is no pasturage and owners of cattle are shipping hay to their farms. Alfalfa has yielded well everywhere and will be the salvation of many farmers.

For the past five days 110,000 hogs have been received at the stock yards, breaking all records. These heavy shipments are due to the scarcity of corn. In Audrain county, Mo., young calves, worth \$5 a few days ago, are offered at \$1 a head.

FARM PRODUCE HIGH.

Long Continued Dry, Hot Weather is Causing a Scarcity.

Chicago, July 13.—The long continued dry, hot weather has already made a dearth and is rapidly making a prospective famine in farm produce. Potatoes are 150 per cent higher than a year ago, when new early Ohio's sold from 27 to 29 cents a bushel. They are now 95 cents to \$1. Green corn is 100 per cent higher. Dealers could then buy it for 25 and 30 cents a bushel. They are now required to pay 50 and 60 cents. New cabbage at this time last year could be bought at \$1 per 100. The price is now \$1.75.

Iowa Corn Crop Suffers Little.

Des Moines, July 13.—The government thermometer registered a temperature of 102 during the afternoon, the highest of the year. Director Sage of the weather crop service says that because of the abnormal amount of moisture in the ground prior to the hot spell the Iowa corn crop has not suffered 2 per cent.

FISSURE IS WIDENING.

Trouble in the Liberal Party Seems to Be Growing Worse.

London, July 13.—The fissure in the Liberal party seems to be widening rather than closing. Much significance attaches to the announcement that Sir Henry Campbell-Bannerman, the Liberal leader, has written to Herbert Asquith, M. P., asking him to postpone the dinner which is being arranged by the Liberal Imperialists in his honor. Mr. Asquith refused to comply with the request.

Henry W. Massingham says that Lord Rosebery intends to issue a letter dealing with the situation, which for the moment occupies the attention of all politicians.

Victims Number Twenty-one.

Kansas City, July 13.—Leslie S. Colburn of Pawpaw, Mich., died at St. Joseph's hospital, being the 21st victim of the Chicago and Alton train wreck at Norton, Mo. Miss Lottie Still of Hornellsville, N. Y., died early in the morning at University hospital.

MOST REMARKABLE CASE.

Chicago Man Almost Beheaded but is Still Alive.

Chicago, July 13.—Although his head is almost torn from the body Joseph Burdick is still alive, furnishing, it is said, one of the most remarkable cases known to physicians. Burdick's head hangs by a mere shred, having been all but taken off by a huge piece of metal which fell across his neck by the overturning of a flatcar. The trachea and larynx were completely torn away and the unfortunate man was taken to the hospital presumably to die. By some fortune his neck was not broken, nor were jugular vein and carotid artery injured, although both were fully exposed where the flesh had been torn away. At the hospital Burdick was promptly operated upon and equipped with a device for breathing which projects from the throat just above the collar bone.

Weather.

Generally fair tonight and Sunday, except probable thunder storms in northern portion.

WILLIAM J. BRYAN has erased the names of the Ohio democracy from his calling list.

At Fergus Falls the council has ordered the use of cement exclusively in the building of sidewalks. There's a pointer for Brainerd.

THE Princeton Union suggests that the way to solve the canteen question would be to make only prohibitionists eligible on our fighting forces.

ACCORDING to the postmaster general the postoffice department pays out \$60,000,000 a year in transporting second class matter through the mails and receives only \$4,000,000 for the work.

THE St. Paul Globe now sees a ray of light through the dark clouds and shakes hands with the democracy of Ohio over what it is pleased to term as "the unification of the democratic party throughout the country." Wm. J. Bryan will now proceed to get busy.

A PARTY of sons of the wealthiest men in LaCrosse, Wis., have gone to the Dakota harvest fields to work and study sociological conditions. They left in box cars and on bumpers as ordinary tramps, leaving their pocket-books behind. It's dollars to doughnuts that they will ride back in palace cars, occupy berths in the sleepers and eat regular meals in the dining cars. Their cravings for a taste of the life of the hobo will be fully satisfied if they strictly follow the example he has set.

THE Alexandria Post-News gives those newspapers which have been printing unkind things of the governor and his staff, because of their presence at the dedication of the Minnesota building at the Pan-American Exposition, a well deserved roast. Gov. Van Sant was a guest of the editorial association and his presence lent a dignity to the occasion that would otherwise have made it a less notable and enjoyable event. The idea that the governor monopolized any of the attention that would otherwise have been bestowed upon the editorial party is the merest bosh, the fact being that the party was much more in evidence for their being there. The trip was one of the most pleasant in the history of the association and the presence of the governor and his staff did not detract from the pleasure—in fact they helped make it what it was.

CURBSTONE CHAT.

Rev. A. H. Carver: After Sunday I will enjoy my summer vacation.

Prof Nelson: Brainerd is the most central location for a summer school and there is every advantage here for the teachers.

Secretary Wilhelm: We had a meeting of the executive committee at the Y. M. C. A. last night to arrange for the excursion and the prospects are very bright.

AMUSEMENTS.

Santaneli, the wonderful hypnotist, appears at the Gardner hall for the last time this evening. Last night a fairly good audience turned out and it is thought the entertainment was the best yet given by this master of hypnotism. His subjects of course improve every night and some of the acts last night were extremely funny. The one where he had them all lined up serenading someone from the upper story and even when imitations of the dog barking were made the subjects jumped and tore down the hall with fright was good. This evening will be the last chance and all should turn out.

Manager Guthrie has made arrangements for the appearance in this city in the near future of the Gibney Stock Company. The company is well recommended as a first class attraction.

Dr. and Mrs. Morrison, of Bemidji passed through the city yesterday enroute to their home after a trip to Buffalo where they took in the Pan-American exposition.

William Rodgers, formerly with THE DISPATCH has accepted a temporary position as night operator at Hackensack, a station on the Minnesota & International.

Miss Mabel Early and Miss Marion Casson left yesterday for at St. Paul, the latter to remain at her home there in the future and the former to be her guest for a short time.

Miss Effa Blakslee, who has been in the city attending the summer school, and who has been the guest of Mrs. W. H. Crowell, returned to her home in Motley this noon. She will return again Sunday noon.

Yesterday afternoon John Oman bought an interest in the barber shop on Fifth street heretofore conducted by Stahlman & Beaudette. C. E. Beaudette retires and hereafter the firm name will be Stahlman & Oman.

Ed. Donahue, who has so long been connected with J. H. Koop as bookkeeper has resigned. It is understood that he is to take a position as bookkeeper with the new wholesale grocery firm of Cleary, McGinnis & Hemstead.

B. N. Tyan leaves tonight for Toronto, Can., and while away he will take in the Pan-American exposition. The boys are wondering what calls him away at this time of the year and there are some who aver that he has matrimony on the brain.

Tomorrow will be the last Sunday that Rev. A. H. Carver will officiate at the Presbyterian church before taking his summer vacation. There will be no regular services at the church from July 15 to Aug. 15. The Y. P. S. C. E. will meet as usual and Sunday school and the midweek meetings will be held at the usual hours.

At the morning service at the M. E. church tomorrow Mr. Will Georgeson will sing "Over the Stars There is Rest" by Abt. In the evening he will sing, "The Holy City," by Adams.

In the ordinary events of life it might do some times to play a joke on a fellow man, but in Gus Raymond's case he should have announced the arrival of a bright baby girl at his home last Sunday evening from the housetops. He'll have to set them up anyway.

Mrs. W. W. Wood, of Eden Valley arrived in the city last night for a visit with her son, Wm. Wood, the popular barber. She was accompanied by Christopher and Mrs. Snell, of the same place, the latter being on their way to Hubert to visit their son.

The Misses Clotilda and Onolee McCullough have issued invitations for a reception to be given on the evening of July 23, in honor of Miss Emma Drabelle, the Kentucky belle who has been their guest for some time. The event will be one of the most popular functions of the mid-summer social season.

Mayor Halsted has instructed the Salvation Army that they must not block the streets on the corner of Laurel and Sixth or on the corner of Sixth and Front. It makes it especially hard from the fact that the Army has no place of worship inside thus naturally having larger crowds in the streets on this account.

There was a hayrack party last evening given by some of the young people of the city. A drive about town and a few miles in the country was the feature. The usual dignity of some of the aspirants for honors in the social whirl was relegated to the rear and all had a ripsnorter good time, b'gosh.

Last night there was a very jovial gathering at the home of Mr. and Mrs. W. A. M. Johnston, the occasion being in honor of Miss Mabel and Miss Bertha Johnston, nieces of Mr. and Mrs. Johnston, who have been visiting in the city for some time. They leave this evening for their home in Winnipeg.

Attorney A. D. Polk has received word from his son Frank Polk, whose home is in Tacoma, Wash., that he will be here about Aug. 5. Mr. Polk junior is at present on the staff of the Evening News of Tacoma, but he has been studying law and has been admitted to the bar. He comes to Brainerd to form a partnership with his father.

International convention of the Baptist Young People's Union of America at Chicago, Ill., July 25-28, 1901. For above occasion the N. P. R. R. Co. will sell round trip tickets to Chicago for one first-class fare plus \$2.00 on July 23, 24 and 25, limited to return until August 1st, 1901. By depositing ticket with joint agent at Chicago before July 30th and payment of fee of fifty cents limit may be extended until August 30th, 1901.

OUT JUSTICE

A Twenty-five Dollar Verdict Given When A \$1250 Verdict Was Asked.

JUDGE BAXTER COMPLES LABOR

Daggett Brook Parties Airing Their Troubles at Court House this Afternoon.

Judge Baxter heard the last case for Judge McClenahan when he took up the case of Joseph Matte vs. the Mississippi and Rum River Boom Company. The Judge went to Sauk Centre last evening, from today on Judge McClenahan will be on the bench.

The jury in the case of E. G. Hartew vs. F. W. Bonness & Co, returned a verdict for the meager sum of \$25 this morning. There is quite a margin between \$1250 asked and the \$25 given but it would seem that the jury in this case and the one in the other case in which Hartew was the defendant just wanted to make it a "stand off" all around. The \$1250 was asked as damages claimed to have been caused on the Hartew farm near Dean Lake by defendant's logs.

In the case of Joseph Matte vs. the Mississippi and Rum River Boom Company there was some little hitch yesterday afternoon when Attorney Albright for the plaintiff rested his case without adducing the proper amount of evidence, or that kind of evidence which even proved that the boom company was ever in possession of the logs which it was claimed floated down the river and injured plaintiff's land. Attorney Polk for the boom company moved to dismiss on the ground that no connection had been shown between the logs and the company; that they had ever had them in their possession. The court of course had to grant the motion but later he reconsidered and allowed Mr. Albright to put in some more evidence. The case was argued this morning and submitted to the jury.

The jury was out but a few minutes when they returned a verdict for \$87.50 in favor of the plaintiff, and Attorney Albright has the last laugh.

The case of Rudolph Engesch vs. George Flashbaker was taken up this afternoon. This is a suit brought by the plaintiff to recover for alleged slander, it being claimed that some very harsh names were used directed to said plaintiff by the defendant and among other things the plaintiff was accused of being the father of a bastard child.

The parties live at Daggett Brook and are quite well known in the county. W. A. Fleming appears for the plaintiff and E. W. Crane for the defendant. Judge Canty is in the city to appear for George Brockway in his suit against the firm of Topping & Parker. He claims damages in the sum of \$25,000 and it is to be a very interesting case and will attract a lot of attention. The defendants have engaged Koon, Whelan & Bennett, of Minneapolis to take charge of their case.

Proposals for Opera House Seats.

Sealed bids will be received up to 12 o'clock noon, Thursday July 25th 1901, for the seating of the Park Opera House, of Brainerd, Minn. Each bidder must have samples in Brainerd at that time for the inspection of the board of directors of said opera house. The style of seats to be used will probably be a good upholstered seat for the parquet, about 180 required. Parquet circle—a good seat but not upholstered, about 165 required. Balcony—nearly same style as parquet circle, but cheaper, about 160 required.

Each bidder is requested to make a seating plan to submit with bid.

Seats must be completed and in Brainerd on or before Oct. 15, 1901. The association reserves the right to reject any or all bids.

WILLIAM J. BRYAN has erased the names of the Ohio democracy from his calling list.

At Fergus Falls the council has ordered the use of cement exclusively in the building of sidewalks. There's a pointer for Brainerd.

THE Princeton Union suggests that the way to solve the canteen question would be to make only prohibitionists eligible on our fighting forces.

ACCORDING to the postmaster general the postoffice department pays out \$60,000,000 a year in transporting second class matter through the mails and receives only \$4,000,000 for the work.

THE St. Paul Globe now sees a ray of light through the dark clouds and shakes hands with the democracy of Ohio over what it is pleased to term as "the unification of the democratic party throughout the country." Wm. J. Bryan will now proceed to get busy.

A PARTY of BOYS of the wealthiest men in LaCrosse, Wis., have gone to the Dakota harvest fields to work and study sociological conditions. They left in box cars and on bumpers are ordinary tramps, leaving their pocket-books behind. It's dollars to doughnuts that they will ride back in palace cars, occupy berths in the sleepers and eat regular meals in the dining cars. Their cravings for a taste of the life of the hobo will be fully satisfied if they strictly follow the example he has set.

THE Alexandria Post-News gives those newspapers which have been printing unkind things of the governor and his staff, because of their presence at the dedication of the Minnesota building at the Pan-American Exposition, a well deserved roast. Gov. Van Sant was a guest of the editorial association and his presence lent a dignity to the occasion that would otherwise have made it a less notable and enjoyable event. The idea that the governor monopolized any of the attention that would otherwise have been bestowed upon the editorial party is the merest bosh, the fact being that the party was much more in evidence for their being there. The trip was one of the most pleasant in the history of the association and the presence of the governor and his staff did not detract from the pleasure—in fact they helped make it what it was.

CURBSTONE CHAT.

Rev. A. H. Carver: After Sunday I will enjoy my summer vacation.

Prof Nelson: Brainerd is the most central location for a summer school and there is every advantage here for the teachers.

Secretary Wilhelm: We had a meeting of the executive committee at the Y. M. C. A. last night to arrange for the excursion and the prospects are very bright.

AMUSEMENTS.

Santanelli, the wonderful hypnotist, appears at the Gardner hall for the last time this evening. Last night a fairly good audience turned out and it is thought the entertainment was the best yet given by this master of hypnotism. His subjects of course improve every night and some of the acts last night were extremely funny. The one where he had them all lined up serenading someone from the upper story and even when imitations of the dog barking were made the subjects jumped and tore down the hall with fright was good. This evening will be the last chance and all should turn out.

Manager Guthrie has made arrangements for the appearance in this city in the near future of the Gibney Stock Company. The company is well recommended as a first class attraction.

LOCAL NEWS NOTES.

C. A. Hill returned today from St. Paul.

Editor W. S. Cox went to St. Cloud this noon to spend Sunday.

Sheriff Erickson returned from St. Paul on the noon train today.

Mrs. Chulow was telephoned by the Relief Corps, of Motley, to come and officiate at the funeral of Mrs. Compton, who died on Thursday at that place. She went there Friday.

Dr. and Mrs. Morrison, of Bemidji passed through the city yesterday enroute to their home after a trip to Buffalo where they took in the Pan-American exposition.

William Rodgers, formerly with THE DISPATCH has accepted a temporary position as night operator at Hackensack, a station on the Minnesota & International.

Miss Mabel Early and Miss Marion Casson left yesterday for at St. Paul, the latter to remain at her home there in the future and the former to be her guest for a short time.

Miss Effa Blakslee, who has been in the city attending the summer school, and who has been the guest of Mrs. W. H. Crowell, returned to her home in Motley this noon. She will return again Sunday noon.

Yesterday afternoon John Oman bought an interest in the barber shop on Fifth street heretofore conducted by Stahlman & Beaudette. C. E. Beaudette retires and hereafter the firm name will be Stahlman & Oman.

Ed. Donahue, who has so long been connected with J. H. Koop as bookkeeper has resigned. It is understood that he is to take a position as bookkeeper with the new wholesale grocery firm of Cleary, McGinnis & Hemstead.

B. N. Tyan leaves tonight for Toronto, Can., and while away he will take in the Pan-American exposition. The boys are wondering what calls him away at this time of the year and there are some who aver that he has matrimony on the brain.

Tomorrow will be the last Sunday that Rev. A. H. Carver will officiate at the Presbyterian church before taking his summer vacation. There will be no regular services at the church from July 15 to Aug. 15. The Y. P. S. C. E. will meet as usual and Sunday school and the midweek meetings will be held at the usual hours.

CURBSTONE CHAT.

Rev. A. H. Carver: After Sunday I will enjoy my summer vacation.

Prof Nelson: Brainerd is the most central location for a summer school and there is every advantage here for the teachers.

Secretary Wilhelm: We had a meeting of the executive committee at the Y. M. C. A. last night to arrange for the excursion and the prospects are very bright.

AMUSEMENTS.

Santaneli, the wonderful hypnotist, appears at the Gardner hall for the last time this evening. Last night a fairly good audience turned out and it is thought the entertainment was the best yet given by this master of hypnotism. His subjects of course improve every night and some of the acts last night were extremely funny. The one where he had them all lined up serenading someone from the upper story and even when imitations of the dog barking were made the subjects jumped and tore down the hall with fright was good. This evening will be the last chance and all should turn out.

Manager Guthrie has made arrangements for the appearance in this city in the near future of the Gibney Stock Company. The company is well recommended as a first class attraction.

LOCAL NEWS NOTES.

C. A. Hill returned today from St. Paul.

Editor W. S. Cox went to St. Cloud this noon to spend Sunday.

Hon. J. Adam Bede will deliver one of his lectures in the city about July 17.

Hon. A. F. Ferris returned this morning from St. Paul where he went on business.

John Congdon, arrived in the city this noon from Staples to spend Sunday with his parents.

Miss Lizzie Swan, of St. Paul, is in the city the guest of Mrs. G. D. Vaughn, of East Brainerd.

A. L. Crambs, of St. Cloud, passed through the city today enroute home from a business trip west.

Mrs. G. F. Schilling returned to her home in Staples today after an extended visit with her parents in this city.

Mrs. M. A. Sadler, mother of W. H. Sadler, arrived in the city yesterday from St. Louis, Mo., for an extended visit.

The M. E. Sunday school will hold their annual picnic next Wednesday at Long Lake. A good outing and time expected.

N. N. Spear, representing Sports Afield, was a guest in the city last night and this morning. He is enroute to the coast.

R. G. Vallentyne yesterday sold to J. H. Burton the old Closson property on south Sixth street, the consideration being \$600.

Miss Minnie Wheeler, of Minneapolis, is enjoying an outing at Gilbert Lake as the guest of Mr. and Mrs. Wilmer Holmes.

Rev. D. J. Growe, of the Norwegian-Danish Lutheran church; went to Motley today where he will officiate tomorrow, morning and evening.

Mrs. Cousins, of Rock Island, Ill., arrived in the city this noon for an extended visit with her daughters Mrs. Richard Parker and Mrs. A. P. Reynolds.

Mrs. Chulow was telephoned by the Relief Corps, of Motley, to come and officiate at the funeral of Mrs. Compton, who died on Thursday at that place. She went there Friday.

Dr. and Mrs. Morrison, of Bemidji passed through the city yesterday enroute to their home after a trip to Buffalo where they took in the Pan-American exposition.

William Rodgers, formerly with THE DISPATCH has accepted a temporary position as night operator at Hackensack, a station on the Minnesota & International.

Miss Mabel Early and Miss Marion Casson left yesterday for St. Paul, the latter to remain at her home there in the future and the former to be her guest for a short time.

Miss Effa Blakslee, who has been in the city attending the summer school, and who has been the guest of Mrs. W. H. Crowell, returned to her home in Motley this noon. She will return again Sunday noon.

Yesterday afternoon John Oman bought an interest in the barber shop on Fifth street heretofore conducted by Stahlman & Beaudette. C. E. Beaudette retires and hereafter the firm name will be Stahlman & Oman.

Ed. Donahue, who has so long been connected with J. H. Koop as bookkeeper has resigned. It is understood that he is to take a position as bookkeeper with the new wholesale grocery firm of Cleary, McGinnis & Hemstead.

B. N. Tyan leaves tonight for Toronto, Can., and while away he will take in the Pan-American exposition. The boys are wondering what calls him away at this time of the year and there are some who aver that he has matrimony on the brain.

Tomorrow will be the last Sunday that Rev. A. H. Carver will officiate at the Presbyterian church before taking his summer vacation. There will be no regular services at the church from July 15 to Aug. 15. The Y. P. S. C. E. will meet as usual and Sunday school and the midweek meetings will be held at the usual hours.

At the morning service at the M. E. church tomorrow Mr. Will Georgeson will sing "Over the Stars There is Rest" by Abt. In the evening he will sing, "The Holy City," by Adams.

In the ordinary events of life it might do some times to play a joke on a fellow man, but in Gus Raymond's case he should have announced the arrival of a bright baby girl at his homelast Sunday evening from the housetops. He'll have to set them up anyway.

Mrs. W. W. Wood, of Eden Valley arrived in the city last night for a visit with her son, Wm. Wood, the popular barber. She was accompanied by Christopher and Mrs. Snell, of the same place, the latter being on their way to Hubert to visit their son.

The Misses Clotilda and Onolee McCullough have issued invitations for a reception to be given on the evening of July 23, in honor of Miss Emma Drabelle, the Kentucky belle who has been their guest for some time. The event will be one of the most popular functions of the mid-summer social season.

Mayor Halsted has instructed the Salvation Army that they must not block the streets on the corner of Laurel and Sixth or on the corner of Sixth and Front. It makes it especially hard from the fact that the Army has no place of worship inside thus naturally having larger crowds in the streets on this account.

There was a hayrack party last evening given by some of the young people of the city. A drive about town and a few miles in the country was the feature. The usual dignity of some of the aspirants for honors in the social whirl was relegated to the rear and all had a ripsnorter good time, b'gosh.

Last night there was a very jovial gathering at the home of Mr. and Mrs. W. A. M. Johnston, the occasion being in honor of Miss Mabel and Miss Bertha Johnston, nieces of Mr. and Mrs. Johnston, who have been visiting in the city for some time. They leave this evening for their home in Winnipeg.

Attorney A. D. Polk has received word from his son Frank Polk, whose home is in Tacoma, Wash., that he will be here about Aug. 5. Mr. Polk junior is at present on the staff of the Evening News of Tacoma, but he has been studying law and has been admitted to the bar. He comes to Brainerd to form a partnership with his father.

International convention of the Baptist Young People's Union of America at Chicago, Ill., July 25-28, 1901. For above occasion the N. P. R. R. Co. will sell round trip tickets to Chicago for one first-class fare plus \$2.00 on July 23, 24 and 25, limited to return until August 1st, 1901. By depositing ticket with joint agent at Chicago before July 30th and payment of fee of fifty cents limit may be extended until August 30th, 1901.

STILL GRINDING OUT JUSTICE

A Twenty-five Dollar Verdict Given When A \$1250 Verdict Was Asked.

JUDGE BAXTER COMPLES LABOR

Daggett Brook Parties Airing Their Troubles at Court House this Afternoon.

Judge Baxter heard the last case for Judge McClenahan when he took up the case of Joseph Matte vs. the Mississippi and Rum River Boom Company. The Judge went to Sauk Centre last evening, from today on Judge McClenahan will be on the bench.

The jury in the case of E. G. Hartew vs. F. W. Bonness & Co, returned a verdict for the meager sum of \$25 this morning. There is quite a margin between \$1250 asked and the \$25 given but it would seem that the jury in this case and the one in the other case in which Hartew was the defendant just wanted to make it a "stand off" all around. The \$1250 was asked as damages claimed to have been caused on the Hartew farm near Dean Lake by defendant's logs.

In the case of Joseph Matte vs. the Mississippi and Rum River Boom Company there was some little hitch yesterday afternoon when Attorney Albright for the plaintiff rested his case without adducing the proper amount of evidence, or that kind of evidence which even proved that the boom company was ever in possession of the logs which it was claimed floated down the river and injured plaintiff's land. Attorney Polk for the boom company moved to dismiss on the ground that no connection had been shown between the logs and the company; that they had never had them in their possession. The court of course had to grant the motion but later he reconsidered and allowed Mr. Albright to put in some more evidence. The case was argued this morning and submitted to the jury.

The jury was out but a few minutes when they returned a verdict for \$87.50 in favor of the plaintiff, and Attorney Albright has the last laugh.

The case of Rudolph Engesch vs. George Flashbaker was taken up this afternoon. This is a suit brought by the plaintiff to recover for alleged slander, it being claimed that some very harsh names were used directed to said plaintiff by the defendant and among other things the plaintiff was accused of being the father of a bastard child.

The parties live at Daggett Brook and are quite well known in the county. W. A. Fleming appears for the plaintiff and E. W. Crane for the defendant. Judge Canty is in the city to appear for George Brockway in his suit against the firm of Topping & Parker. He claims damages in the sum of \$25,000 and it is to be a very interesting case and will attract a lot of attention. The defendants have engaged Koon, Whelan & Bennett, of Minneapolis to take charge of their case.

Proposals for Opera House Seats.

Sealed bids will be received up to 12 o'clock noon, Thursday July 25th 1901. for the seating of the Park Opera House, of Brainerd, Minn. Each bidder must have samples in Brainerd at that time for the inspection of the board of directors of said opera house. The style of seats to be used will probably be a good upholstered seat for the parquet, about 180 required. Parquet circle—a good seat but not upholstered, about 165 required. Balcony—nearly same style as parquet circle, but cheaper, about 160 required.

Each bidder is requested to make a seating plan to submit with bid.

Seats must be completed and in Brainerd on or before Oct. 15, 1901.

The association reserves the right to reject any or all bids.

GREAT FORTUNE IS IN SIGHT.

A Resident of This County Has
Invented Huge Irrigation
Pump.

LOCAL CAPITALISTS INTERESTED

R. J. Hartley and Attorney C. A.
Allbright Will Back
the Scheme.

George Bailey, of Pillager, has got something he is going to get patented that is going to reap him a fortune, he thinks, and he has succeeded in interesting some capitalists in this city in the project.

He was in the city yesterday and had a long talk with R. J. Hartley, and Mr. Hartley and Attorney C. A. Allbright went out on the 12 o'clock train in the middle of the night and drives out into the country several miles. Mr. Bailey has what he thinks is the greatest invention ever known in a pump, which is to be built on a mammoth scale and used for irrigation purposes. He took Mr. Hartley and Mr. Allbright to the scene of his labors for the past six months, and they were dumbfounded and surprised at the amount of machinery and material which were littered about a large shanty that had been built.

The shanty has been kept locked during the months that Bailey has been at work and he lived out in the woods in a hermit like fashion, never seeing any one. He worked on this one piece of mechanism during all this time and now he seems to think he has conquered.

The Brainerd gentlemen are very much enthused over the matter and the latter will go to Pillager in a day or two to draw up a contract with Mr. Bailey. Hartley and Allbright are to receive one-half interest for their work and they will at once have a model made and have it sent to Washington to be patented.

The promoters will organize a company for the manufacture of the pump and it will be pushed with all the capital that is required back of it.

THE MORBID CROWD.

Warden Wolfer Bombarded by an Army
of Newspaper Men at Stillwater Who
Want Information.

The following from the Stillwater Gazette regarding the Younger brothers is interesting:

"That there is great excitement over the parole of the Youngers in this state and elsewhere is abundantly apparent. The yellow journals of the east are giving prominence to the incident. Reporters for paper in Chicago, Kansas City, the Twin Cities and elsewhere made their appearance at the prison yesterday. There was also a throng of curious people who expected that the Youngers would be released yesterday and they wanted to see the novel sight of the noted men emerging from the prison walls that they expected to be their tomb. But the throngs were disappointed and it is safe to say that their departure from the prison will be quiet and not observed by a morbid crowd. Warden Wolfer will see to it that their departure shall not be heralded.

It is safe to say that the men will not be permitted to be clerks or owners of a cigar store, although such a place would be a money making one for a year or two with them as the drawing card. To engage in the saloon business is out of the question. However, unobjectionable as a moral question would be a place in a cigar store, it is not the purpose of Warden Wolfer or the Youngers to satisfy public curiosity by an exhibition in such a place.

The correspondents for papers from abroad are still camping on the scene and have orders to remain there until the Youngers are taken from prison. The number is growing. This indicates that the movements of the Youngers will be reported from the instant they leave the prison walls until they are located in their new home. If the warden succeeds in getting them away unobserved he will be gratified.

It is said that a Minneapolis department store is willing to pay \$10,000 a year to the Youngers as floor walkers and that other retail stores in the Twin Cities have made liberal offers for the men. The Star theater of St. Paul as well as other places of amusement would like to secure the services of the men.

The good time money to which Cole Younger is entitled amounts to \$212.31 and Jim Younger will get \$163.03. This includes \$25 to each which is allowed since a change in the law a few years ago. The other portions accumulated under the old law when prisoners were allowed good time money for special services.

A GOOD SHOWING.

Prof. Nelson Very Much Pleased With The
Work of The Summer School
in Brainerd

Prof. Nelson, conductor of the summer training school, is very much pleased with the work being done in this city. He stated this morning to a representative of THE DISPATCH that at least two-thirds of those in attendance have taught before. The attendance has increased some and there is a total enrollment now of 79. It is expected that there will be quite an influx next week, and before the end of the week it is thought there will be an addition of at least ten names.

A feature of the work is the opening exercises every morning, nearly all the teachers taking great interest in the chorus practice work.

Every other day round table talks are a feature. The object in this connection is not to give a lecture but rather to draw the teachers out in discussion and it has proven very successful.

Another very interesting feature is the model class. Some ten or twelve little tots form a class. They have never been to school, and in teaching the class Miss Collins gives all the teachers an opportunity to see some practical work exemplified.

Prof. Nelson states that he is very much impressed with the degree of intelligence possessed by the teachers of Crow Wing and Cass counties and states that the unanimity with which the superintendents of both these counties take hold of the work is an unusual thing.

A SAD STORY.

Young Indian Squaw The Victim of a
Cruel Monster of Low
Degree.

Ere dawn this morning and continuing long after the hours when the sun had risen in the east, as from a stately dream, those who happened to pass by the city bastille paused for a moment to listen to the moans and groans and peccant sighs emanating from the dingy cells; the perfidious struggle of the cold world against a frail woman was left vividly impressed on memory's tablet.

A mother and her child, the mother young in years but old in experience, descendant of the Indian who has about run his gauntlet, came to the city yesterday in quest of the husband and father, who is working on a drive nearby. The mother found him not, but she wandered about the city and finally fell among thieves and robbers; the thieves that take away the accumulations of what honest wealth that lies in the breast of woman. She was frail, the man was strong and he led her away from beneath the glare of the electric light into darkest depths. She was given freely the liquid that arouses the spirits and then draws the human flesh to the mire, and helpless and alone, with her young five-year-old son wandering about the city to be picked up by some one charitably inclined, she was the object of most dastardly deeds.

She was left alone finally and lay sprawling on the ground an abject picture of despair and ruin. She was taken to the city jail, was locked up and was left to sleep off the effects of over indulgence and the cries and sighs that came from between the cruel bars this morning were from the throat of the woman who had been through the valley of sin during the night and they were mutterings of sorrow that reached the penetralia of even the hardest heart.

She and her little son were taken to the noon train this afternoon and sent back to their home in Pine River, while the monster of infamy still walks on the streets clothed in what is supposed to be a garb of manhood and honesty.

SHERIFF ERICKSON'S OPEN CONFESSION.

FINED AND REPRIMANDED.

Judge Lochren Said That Evidence Showed Gross Neglect and Contempt.

Sheriff Ole P. Erickson got out of the muddle in which he got mixed up in recently in the George Wolf matter with a small fine. The following is an account of the proceedings in the United States court in St. Paul by the St. Paul Dispatch:

"Ole P. Erickson, sheriff of Crow Wing county, was this morning sentenced by Judge Lochren, in the United States district court, to pay a fine of \$75 and the cost of the prosecution and to serve in the Ramsey county jail pending the payment of the fine and costs.

Erickson was arraigned on a charge of contempt of court, in allowing a United States prisoner in his care to have unusual liberties.

The case was one of the utmost importance to the federal authorities. In substance it was as follows:

On April 30, George W. Wolf was convicted by the United States jury for illegal pine cutting in Hubbard county. On June 15 he was sentenced to serve a sentence of three months in the Crow Wing county jail. He was accepted as a federal prisoner by Sheriff Erickson.

About July 1 the marshal's office was informed that Wolf was being allowed to roam about the town. Deputy Marshal Tufts was sent up to investigate. He found that Wolf had been at the railway station on June 30 unaccompanied, and that he had been boarding at the City hotel for ten days previous. The marshal reported this to the local office and had an order issued by the court to change the prisoner to the Ramsey county jail. This was done, and the man was brought here yesterday.

In court Erickson, through his attorney, P. J. Murphy, admitted all the facts, and threw himself on the mercy of the court. The facts as related had taken place while he was absent from Brainerd, attending court, and had occurred without his knowledge. An application had been filed for a pardon for Wolf, he stated, and that might have influenced his deputies to allow him more liberty than other prisoners.

Mr. Purdy, for the government, stated that he did not want to have undue pressure borne on the defendant. Other sheriffs in the northern part of the state had done the same thing. However, it was time that a lesson should be taught that officials undertaking government work must not neglect it.

Judge Lochren, in passing sentence, said that the evidence showed gross neglect and contempt for the orders of the court.

The fact that a prisoner was given his liberty was in itself an annulling of the sentence of the court. The sentence would have to be made, although not as severe in this case as in others, because there were slightly extenuating circumstances.

The government officials were highly pleased with the sentence.

"It is not the sentence so much as the lesson that it will teach," said one of them today. "I believe it is time for the officials under the government service to know that they cannot fool with Uncle Sam. If the officers do not obey the law, how can citizens be expected to obey it?"

CYCLE TOURNAMENT.

Secretary Orth Arranging for a Date
About the First of August in
this City.

M. K. Swartz has received a communication from Secretary B. Orth of the Northwestern Cycle Association asking for a date at the Swartz driving park for the purpose of holding a bicycle tournament in this city.

Mr. Orth has suggested August 4 as the date and, unless some unforeseen conditions arise which are not suggested to Mr. Swartz at the present time, the tournament will be a go. Mr. Swartz has written the gentlemen that the date will be satisfactory and he expects to hear from him in a few days with more definite information on the matter. The tournament was held in this city last year and was a success.

The program this year will be augmented with many more novel events than was on the schedule last year. The racing events will of course be the feature and it is expected that some crack riders can be secured at that time.

The Costless Man.

We believe the Journal office can boast of having the oldest working printer in the state. He is Mr. M. G. Fellows, for several years owner of this paper. On Monday last he set 4800 ems of solid bourgeois in six hours and thirty minutes. Considering the fact that Mr. Fellows is past 75 years old, this is good work. He does not work at the business because he is obliged to, but as he says, "to keep his hand in."—Lanesboro Journal.

J. W. Smiley has been arrested at Fergus Falls in compliance with the request of Insurance Commissioner Dearth. It is charged against Smiley that he has been soliciting business and writing policies in the United Endowment Society of America which is not authorized to do business in this state and has been specifically refused a license. Other officers of the society will be prosecuted if it can be learned they have been doing business.

W. H. Cleary, who is well known in this city will engage in the wholesale grocery business at Brainerd. The firm name will be Cleary, McGinnis & Hemstead. A new building is being erected for the company and the business will be opened in a few weeks. Mr. Cleary has made his last trip on the road for McCormick, Behnke & Co., of St. Paul and will move to Brainerd in a few days. His associates in the new business will be James F. McGinnis, a general merchant, and Werner Hemstead, a banker, both of Brainerd.—Stillwater Gazette.

The Rt. Rev. J. B. Cotter, who has been confined in St. Mary's hospital at Rochester for several weeks past, is now steadily gaining his former health and is thought to be on the road to rapid recovery. Several days ago the bishop was allowed to shave himself, and Tuesday afternoon, for the first time since he was removed to the hospital, he was taken for a drive about Rochester. It was the first time that the bishop has been allowed out of doors since he reached the institution.—Owatonna Journal.

GREENLEAF GOT SECOND.

In a Very Fast Race at Fosston—Entered
in the Races at Crookston
Meet.

Greenleaf, owned by J. M. Gray, of this city, was entered in the free-for-all event at the race meeting held in Fosston this week, and took second place, A. R. taking first.

The same order was maintained in all three heats and the time made on a half-mile track, 2:18, shows that the race was for blood. The feature of the race was the fact that there was no pools sold, and the result was that all the money in sight was in purses, and each was driven out to a finish without a thought of jockeying.

Greenleaf will also be taken to the racing meet at Crookston. The dates will be the 18th and 19th of July, Thursday and Friday of next week, the original time that was set for the Crookston meet when the representatives of the valley circuit came together in Crookston and decided to hold a series of race meetings, and which were subsequently vacated when it seemed as if there were so many amusement and entertainment features planned that the business men and others who furnish the money could not stand the drain.

Popular Excursion.

A grand excursion from Brainerd to Walker has been arranged for by the Y. M. C. A. of our city and one of the local churches to take place of Saturday, July 27. The excursion train will leave Brainerd at 7 a. m., on the above named date and will reach here on return at 8:30 p. m. The excursion will be under the care of competent men. The four steamers at Walker and about 30 row boats have been engaged to give the excursionists, that desire it, an outing on Leech Lake, the most beautiful sheet of water in Minnesota. The fare for the round trip will only be One Dollar. Tickets on sale at the Y. M. C. A. until the day of the excursion, and by solicitors. Lunches and refreshments on sale at the picnic grounds for the accommodation of such that do not care to take lunches for themselves.

GREAT FORTUNE IS IN SIGHT.

A Resident of This County Has
Invented Huge Irrigation
Pump.

LOCAL CAPITALISTS INTERESTED

R. J. Hartley and Attorney C. A.
Allbright Will Back
the Scheme.

George Bailey, of Pillager, has got something he is going to get patented that is going to reap him a fortune, he thinks, and he has succeeded in interesting some capitalists in this city in the project.

He was in the city yesterday and had a long talk with R. J. Hartley, and Mr. Hartley and Attorney C. A. Allbright went out on the 12 o'clock train in the middle of the night and drives out into the country several miles. Mr. Bailey has what he thinks is the greatest invention ever known in a pump, which is to be built on a mammoth scale and used for irrigation purposes. He took Mr. Hartley and Mr. Allbright to the scene of his labors for the past six months, and they were dumbfounded and surprised at the amount of machinery and material which were littered about a large shanty that had been built.

The shanty has been kept locked during the months that Bailey has been at work and he lived out in the woods in a hermit like fashion, never seeing any one. He worked on this one piece of mechanism during all this time and now he seems to think he has conquered.

The Brainerd gentlemen are very much enthused over the matter and the latter will go to Pillager in a day or two to draw up a contract with Mr. Bailey. Hartley and Allbright are to receive one-half interest for their work and they will at once have a model made and have it sent to Washington to be patented.

The promoters will organize a company for the manufacture of the pump and it will be pushed with all the capital that is required back of it.

THE MORBID CROWD.

Warden Wolfer Bombarded by an Army
of Newspaper Men at Stillwater Who
Want Information.

The following from the Stillwater Gazette regarding the Younger brothers is interesting:

"That there is great excitement over the parole of the Youngers in this state and elsewhere is abundantly apparent. The yellow journals of the east are giving prominence to the incident. Reporters for paper in Chicago, Kansas City, the Twin Cities and elsewhere made their appearance at the prison yesterday. There was also a throng of curious people who expected that the Youngers would be released yesterday and they wanted to see the novel sight of the noted men emerging from the prison walls that they expected to be their tomb. But the throngs were, disappointed and it is safe to say that their departure from the prison will be quiet and not observed by a morbid crowd. Warden Wolfer will see to it that their departure shall not be heralded.

It is safe to say that the men will not be permitted to be clerks or owners of a cigar store, although such a place would be a money making one for a year or two with them as the drawing card. To engage in the saloon business is out of the question. However, unobjectionable as a moral question would be a place in a cigar store, it is not the purpose of Warden Wolfer or the Youngers to satisfy public curiosity by an exhibition in such a place.

The correspondents for papers from abroad are still camping on the scene and have orders to remain there until the Youngers are taken from prison. The number is growing. This indicates that the movements of the Youngers will be reported from the instant they leave the prison walls until they are located in their new home. If the warden succeeds in getting them away unobserved he will be gratified.

It is said that a Minneapolis department store is willing to pay \$10,000 a year to the Youngers as floor walkers and that other retail stores in the Twin Cities have made liberal offers for the men. The Star theater of St. Paul as well as other places of amusement would like to secure the services of the men.

The good time money to which Cole Younger is entitled amounts to \$212.31 and Jim Younger will get \$163.03. This includes \$25 to each which is allowed since a change in the law a few years ago. The other portions accumulated under the old law when prisoners were allowed good time money for special services.

A GOOD SHOWING.

Prof. Nelson Very Much Pleased With The
Work of The Summer School
in Brainerd

Prof. Nelson, conductor of the summer training school, is very much pleased with the work being done in this city. He stated this morning to a representative of THE DISPATCH that at least two-thirds of those in attendance have taught before. The attendance has increased some and there is a total enrollment now of 79. It is expected that there will be quite an influx next week, and before the end of the week it is thought there will be an addition of at least ten names.

A feature of the work is the opening exercises every morning, nearly all the teachers taking great interest in the chorus practice work.

Every other day round table talks are a feature. The object in this connection is not to give a lecture but rather to draw the teachers out in discussion and it has proven very successful.

Another very interesting feature is the model class. Some ten or twelve little tots form a class. They have never been to school, and in teaching the class Miss Collins gives all the teachers an opportunity to see some practical work exemplified.

Prof. Nelson states that he is very much impressed with the degree of intelligence possessed by the teachers of Crow Wing and Cass counties and states that the unanimity with which the superintendents of both these counties take hold of the work is an unusual thing.

A SAD STORY.

Young Indian Squaw the Victim of a
Cruel Monster of Low
Degree.

Ere dawn this morning and continuing long after the hours when the sun had risen in the east, as from a stately dream, those who happened to pass by the city bastille paused for a moment to listen to the moans and groans and peccant sighs emanating from the dingy cells; the perfidious struggle of the cold world against a frail woman was left vividly impressed on memory's tablet.

A mother and her child, the mother young in years but old in experience, descendant of the Indian who has about run his gauntlet, came to the city yesterday in quest of the husband and father, who is working on a drive nearby. The mother found him not, but she wandered about the city and finally fell among thieves and robbers; the thieves that take away the accumulations of what honest wealth that lies in the breast of woman. She was frail, the man was strong and he led her away from beneath the glare of the electric light into darkest depths. She was given freely the liquid that arouses the spirits and then draws the human flesh to the mire, and helpless and alone, with her young five-year-old son wandering about the city to be picked up by some one charitably inclined, she was the object of most dastardly deeds.

She was left alone finally and lay sprawling on the ground an abject picture of despair and ruin. She was taken to the city jail, was locked up and was left to sleep off the effects of over indulgence and the cries and sighs that came from between the cruel bars this morning were from the throat of the woman who had been through the valley of sin during the night and they were mutterings of sorrow that reached the penetralia of even the hardest heart.

She and her little son were taken to the noon train this afternoon and sent back to their home in Pine River, while the monster of infamy still walks on the streets clothed in what is supposed to be a garb of manhood and honesty.

SHERIFF ERICKSON'S OPEN CONFESSION.

Ole Threw Himself on the Mercy
of the Court and Took

FINED AND REPRIMANDED.

Judge Lochren Said That Evidence Showed Gross Neglect and Contempt.

Sheriff Ole P. Erickson got out of the muddle in which he got mixed up in recently in the George Wolf matter with a small fine. The following is an account of the proceedings in the United States court in St. Paul by the St. Paul Dispatch:

"Ole P. Erickson, sheriff of Crow Wing county, was this morning sentenced by Judge Lochren, in the United States district court, to pay a fine of \$75 and the cost of the prosecution and to serve in the Ramsey county jail pending the payment of the fine and costs.

Erickson was arraigned on a charge of contempt of court, in allowing a United States prisoner in his care to have unusual liberties.

The case was one of the utmost importance to the federal authorities. In substance it was as follows:

On April 30, George W. Wolf was convicted by the United States jury for illegal pine cutting in Hubbard county. On June 15 he was sentenced to serve a sentence of three months in the Crow Wing county jail. He was accepted as a federal prisoner by Sheriff Erickson.

About July 1 the marshal's office was informed that Wolf was being allowed to roam about the town. Deputy Marshal Tufts was sent up to investigate. He found that Wolf had been at the railway station on June 30 unaccompanied, and that he had been boarding at the City hotel for ten days previous. The marshal reported this to the local office and had an order issued by the court to change the prisoner to the Ramsey county jail. This was done, and the man was brought here yesterday.

In court Erickson, through his attorney, P. J. Murphy, admitted all the facts, and threw himself on the mercy of the court. The facts as related had taken place while he was absent from Brainerd, attending court, and had occurred without his knowledge. An application had been filed for a pardon for Wolf, he stated, and that might have influenced his deputies to allow him more liberty than other prisoners.

Mr. Purdy, for the government, stated that he did not want to have undue pressure borne on the defendant. Other sheriffs in the northern part of the state had done the same thing. However, it was time that a lesson should be taught that officials undertaking government work must not neglect it.

Judge Lochren, in passing sentence, said that the evidence showed gross neglect and contempt for the orders of the court.

The fact that a prisoner was given his liberty was in itself an annulling of the sentence of the court. The sentence would have to be made, although not as severe in this case as in others, because there were slightly extenuating circumstances.

The government officials were highly pleased with the sentence.

"It is not the sentence so much as the lesson that it will teach," said one of them today. "I believe it is time for the officials under the government service to know that they cannot fool with Uncle Sam. If the officers do not obey the law, how can citizens be expected to obey it?"

CYCLE TOURNAMENT.

Secretary Orth Arranging for a Date
About the First of August in
this City.

M. K. Swartz has received a communication from Secretary B. Orth of the Northwestern Cycle Association asking for a date at the Swartz driving park for the purpose of holding a bicycle tournament in this city.

Mr. Orth has suggested August 4 as the date and, unless some unforeseen conditions arise which are not suggested to Mr. Swartz at the present time, the tournament will be a go. Mr. Swartz has written the gentlemen that the date will be satisfactory and he expects to hear from him in a few days with more definite information on the matter. The tournament was held in this city last year and was a success.

The program this year will be augmented with many more novel events than was on the schedule last year. The racing events will of course be the feature and it is expected that some crack riders can be secured at that time.

J. W. Smiley has been arrested at Fergus Falls in compliance with the request of Insurance Commissioner Dearth. It is charged against Smiley that he has been soliciting business and writing policies in the United Endowment Society of America which is not authorized to do business in this state and has been specifically refused a license. Other officers of the society will be prosecuted if it can be learned they have been doing business.

W. H. Cleary, who is well known in this city will engage in the wholesale grocery business at Brainerd. The firm name will be Cleary, McGinnis & Hemstead. A new building is being erected for the company and the business will be opened in a few weeks. Mr. Cleary has made his last trip on the road for McCormick, Behnke & Co., of St. Paul and will move to Brainerd in a few days. His associates in the new business will be James F. McGinnis, a general merchant, and Werner Hemstead, a banker, both of Brainerd.—Stillwater Gazette.

The Rt. Rev. J. B. Cotter, who has been confined in St. Mary's hospital at Rochester for several weeks past, is now steadily gaining his former health and is thought to be on the road to rapid recovery. Several days ago the bishop was allowed to shave himself, and Tuesday afternoon, for the first time since he was removed to the hospital, he was taken for a drive about Rochester. It was the first time that the bishop has been allowed out of doors since he reached the institution.—Owatonna Journal.

GREENLEAF GOT SECOND.

In a Very Fast Race at Fosston—Entered
in the Races at Crookston
Meet.

Greenleaf, owned by J. M. Gray, of this city, was entered in the free-for-all event at the race meeting held in Fosston this week, and took second place, A. R. taking first.

The same order was maintained in all three heats and the time made on a half-mile track, 2:18, shows that the race was for blood. The feature of the race was the fact that there was no pools sold, and the result was that all the money in sight was in purses, and each was driven out to a finish without a thought of jockeying.

Greenleaf will also be taken to the racing meet at Crookston. The dates will be the 18th and 19th of July, Thursday and Friday of next week, the original time that was set for the Crookston meet when the representatives of the valley circuit came together in Crookston and decided to hold a series of race meetings, and which were subsequently vacated when it seemed as if there were so many amusement and entertainment features planned that the business men and others who furnish the money could not stand the drain.

She was left alone finally and lay sprawling on the ground an abject picture of despair and ruin. She was taken to the city jail, was locked up and was left to sleep off the effects of over indulgence and the cries and sighs that came from between the cruel bars this morning were from the throat of the woman who had been through the valley of sin during the night and they were mutterings of sorrow that reached the penetralia of even the hardest heart.

She and her little son were taken to the noon train this afternoon and sent back to their home in Pine River, while the monster of infamy still walks on the streets clothed in what is supposed to be a garb of manhood and honesty.

SHERIFF ERICKSON'S OPEN CONFESSION.

Ole Threw Himself on the Mercy of the Court and Took the Medicine.

FINED AND REPRIMANDED.

Judge Lochren Said That Evidence Showed Gross Neglect and Contempt.

Sheriff Ole P. Erickson got out of the muddle in which he got mixed up in recently in the George Wolf matter with a small fine. The following is an account of the proceedings in the United States court in St. Paul by the St. Paul Dispatch:

"Ole P. Erickson, sheriff of Crow Wing county, was this morning sentenced by Judge Lochren, in the United States district court, to pay a fine of \$75 and the cost of the prosecution and to serve in the Ramsey county jail pending the payment of the fine and costs.

Erickson was arraigned on a charge of contempt of court, in allowing a United States prisoner in his care to have unusual liberties.

The case was one of the utmost importance to the federal authorities. In substance it was as follows:

On April 30, George W. Wolf was convicted by the United States jury for illegal pine cutting in Hubbard county. On June 15 he was sentenced to serve a sentence of three months in the Crow Wing county jail. He was accepted as a federal prisoner by Sheriff Erickson.

About July 1 the marshal's office was informed that Wolf was being allowed to roam about the town. Deputy Marshal Tufts was sent up to investigate. He found that Wolf had been at the railway station on June 30 unaccompanied, and that he had been boarding at the City hotel for ten days previous. The marshal reported this to the local office and had an order issued by the court to change the prisoner to the Ramsey county jail. This was done, and the man was brought here yesterday.

In court Erickson, through his attorney, P. J. Murphy, admitted all the facts, and threw himself on the mercy of the court. The facts as related had taken place while he was absent from Brainerd, attending court, and had occurred without his knowledge. An application had been filed for a pardon for Wolf, he stated, and that might have influenced his deputies to allow him more liberty than other prisoners.

Mr. Purdy, for the government, stated that he did not want to have undue pressure borne on the defendant. Other sheriffs in the northern part of the state had done the same thing. However, it was time that a lesson should be taught that officials undertaking government work must not neglect it.

Judge Lochren, in passing sentence, said that the evidence showed gross neglect and contempt for the orders of the court.

The fact that a prisoner was given his liberty was in itself an annulling of the sentence of the court. The sentence would have to be made, although not as severe in this case as in others, because there were slightly extenuating circumstances.

The government officials were highly pleased with the sentence.

"It is not the sentence so much as the lesson that it will teach," said one of them today. "I believe it is time for the officials under the government service to know that they cannot fool with Uncle Sam. If the officers do not obey the law, how can citizens be expected to obey it?"

CYCLE TOURNAMENT.

Secretary Orth Arranging for a Date About the First of August in this City.

M. K. Swartz has received a communication from Secretary B. Orth of the Northwestern Cycle Association asking for a date at the Swartz driving park for the purpose of holding a bicycle tournament in this city.

Mr. Orth has suggested August 4 as the date and, unless some unforeseen conditions arise which are not suggested to Mr. Swartz at the present time, the tournament will be a go. Mr. Swartz has written the gentlemen that the date will be satisfactory and he expects to hear from him in a few days with more definite information on the matter. The tournament was held in this city last year and was a success.

The program this year will be augmented with many more novel events than was on the schedule last year. The racing events will of course be the feature and it is expected that some crack riders can be secured at that time.

The Rt. Rev. J. B. Cotter, who has been confined in St. Mary's hospital at Rochester for several weeks past, is now steadily gaining his former health and is thought to be on the road to rapid recovery. Several days ago the bishop was allowed to shave himself, and Tuesday afternoon, for the first time since he was removed to the hospital, he was taken for a drive about Rochester. It was the first time that the bishop has been allowed out of doors since he reached the institution.—Owatonna Journal.

GREENLEAF GOT SECOND.

In a Very Fast Race at Fosston—Entered in the Races at Crookston Meet.

Greenleaf, owned by J. M. Gray, of this city, was entered in the free-for-all event at the race meeting held in Fosston this week, and took second place, A. R. taking first.

The same order was maintained in all three heats and the time made on a half-mile track, 2.18, shows that the race was for blood. The feature of the race was the fact that there was no pools sold, and the result was that all the money in sight was in purses, and each was driven out to a finish without a thought of jockeying.

Greenleaf will also be taken to the racing meet at Crookston. The dates will be the 18th and 19th of July, Thursday and Friday of next week, the original time that was set for the Crookston meet when the representatives of the valley circuit came together in Crookston and decided to hold a series of race meetings, and which were subsequently vacated when it seemed as if there were so many amusement and entertainment features planned that the business men and others who furnish the money could not stand the drain.

An Exhibition of The Fistic Art To Be Given in Gardner Hall Monday Evening.

Amalgamated Association or the American Federation of Labor there will be a strike. It is proposed to make it as complete as possible, and the tie-up so tight that it will be impossible for the industries of the great combination to move a wheel.

Developments indicate that Pittsburgh is going to be a pretty lively strike center. The most interest attaches to the Painter mill on the South Side and to that of Lindsay & McCutcheon in Allegheny. Both mills are controlled by the American Steel Hoop company and have hitherto been aggressively non-union, and much depended upon the action taken by the

ACCOMPLISH NOTHING

SECOND DAY OF BIG WAGE CONFERENCE IS PASSED IN DISCUSSION.

MAY REACH A COMPROMISE

President Shaffer Would Meet a Proposition Half Way—Decision of Some Kind Will Be Reached Soon—General Strike Would Affect Eighty Thousand Men—Involve All Steel Trust Plants.

Pittsburg, July 13.—The second day of the conference between the Amalgamated Association of Iron, Steel and Tin Workers and the manufacturers came to a close without any agreement having been reached. Another session will be held and from indications a settlement or general strike will be decided upon. Although the meetings are held behind closed doors and the proceedings guarded with great secrecy it is learned that the entire day was given over to discussion, each side putting its best foot forward to gain a point. Nothing, however, was accomplished. When the conference adjourned all of the conferees were appealed to for information as to the status of affairs, but nothing definite could be learned. However, President Shaffer of the Amalgamated Association consented to be quoted in the following statement:

"Nothing actually was accomplished. No proposition was submitted by either side to the controversy. No time limit has been set on the conference, but it must come to an end. No agreement is reached the general strike which was scheduled for last Monday will proceed. I am still Hoping for a Settlement."

When asked if, in the event of a strike, it would involve all of the plants of the United States Steel corporation, Mr. Shaffer replied:

"Every union man in every plant in any way connected with the steel corporation will be called out and we have many members in mills where they are not suspected by the manufacturers."

A general strike, if ordered, would include the union workers in the Federal Steel company, the National Steel company, the American Tin Plate company, the American Sheet Steel company and the American Steel Hoop company and all members in non-union or open mills, aggregating about 80,000 men, who would be affected. But it is believed by conservative steel men that a compromise will be reached and a strike averted. President Shaffer himself, while not stating that he is prepared to initiate a compromise, intimated that should one come from the other side he would gladly meet it half way and concede anything not compromising the interests of his people.

MACHINISTS GIVE IN.

Strike at Cincinnati Has Been Practically Declared Off.

Cincinnati, July 13.—The machinists' strike in this city, which began May 20 and involved from five to seven thousand employees, practically has been declared off. A secret mass meeting of strikers was held at which a formal report was made that it had been found impossible to procure assistance in money from the headquarters in Washington. As the strike benefit fund is exhausted, the strikers were advised to return to work.

A meeting of the shop committee of striking machinists from the various concerns affected was held in Workingmen's hall. At the conclusion of the meeting a statement was given out emphatically denying the report that the strike had been called off. It was learned that while it was left discretionary with the men in a number of shops to return without any odium being involved as deserting the strike several firms were picked out against which the fight is to be prosecuted. The men in these shops have pledged to remain out and those who will return will support them. Should any of these shops attempt to transfer their work to those in which the men returned the men have agreed to refuse to handle it.

WILL CONTINUE THE FIGHT.

Thomas O'Connell Has No Intention connected with J. H. Koop as bookkeeper has resigned. It is understood that he is to take a position as bookkeeper with the new wholesale grocery firm of Cleary, McGinnis & Hemstead.

B. N. Tyan leaves tonight for Toronto, Can., and while away he will take in the Pan-American exposition. The boys are wondering what calls him away at this time of the year and there are some who say that he has matrimony on the mind.

Be Taken Back.

Baltimore, July 13.—About 200 machinists have decided to give up the fight for a 9-hour working day and to apply for reinstatement in the shops of the Maryland Steel company on the old terms. This brings the machinists' strike to an end in this city. About 1,200 men employed in various shops laid down their tools and a majority of them were granted their demands.

WINS ANOTHER RACE.

Columbia Again Defeats the Constitution and Independence.

Newport, R. I., July 13.—The Columbia again defeated the Constitution in a margin in corrected time of 2 mins., 19 secs., the independence being once more last, after losing her topmast at the very start. The Boston yacht, however, sailed such a very plucky race after having been shorn of her top gear that it is generally believed here that she would have won the race but for the accident. For 20 minutes after the start she sailed with the wreck of her club topsail trailing astern, while for 6 more she was motionless, luffed in the wind, while the crew cleared away the tangle. Meanwhile the other two yachts were speeding away under all sail, yet the Independence was only beaten 7 mins., 42 secs., at the first mark and the second leg of the triangle in less time than any of the other yachts, although they carried club topsails. In the run home the two Bristol boats under a great press of sail beat the Lawson yacht a little over 4 mins. This fine showing of the Independence did not in any way detract from the interest of the contest between the two Herreshoff yachts. The result of the four contests between these three boats leaves much to be determined, especially as to their relative merits in anything except light airs.

WANT STOWE TO STAY.

Merchants and Exporters Would Contribute to His Salary.

Washington, July 13.—The announcement that United States Consul General Stowe at Cape Town had tendered his resignation because his salary was insufficient to meet living expenses has caused a commotion in the commercial world, particularly in the metal trades. Secretary Hay has received a number of communications from merchants and exporters in this line begging him to secure the withdrawal of the resignation in view of Mr. Stowe's great services to the American export trade, and even pledging themselves to make good out of their own means a sum sufficient to assure a comfortable living for the consul general.

WANTED TO LYNCH THEM.

Kansas City Mob Aged a Trio of Negro Ravishers.

Kansas City, July 13.—A crowd of 2,500 excited men and boys surrounded the county jail in this city during the evening clamoring for vengeance against three negroes who criminally assaulted Miss Grace Davis in a populous and respectable neighborhood. Eight suspects, two of whom have been identified, were held at the jail, but towards midnight six of them were spirited away to the workhouse, leaving the two who had been identified in the jail. The policemen drove the mob from the courthouse block, but 500 men remained in the streets a block away. Among these a rumor was current that a big crowd of stock yards men would arrive soon prepared to storm the jail. After awhile the mob seemed to have abandoned its lynching plan. Five hundred men, in squads of 75, have been raiding the negro quarter in the North End, chasing and beating negroes and smashing windows.

NO SPECIAL CEREMONIES.

Battleship Maine Will Be Launched Saturday, July 27.

Philadelphia, July 13.—The Cramp Shipbuilding company has notified the secretary of the navy that the battleship Maine would be launched on Saturday, July 27, at 10 a. m. It is understood at the yard that there will be no special ceremonies on the occasion as had been expected. The launching will be effected without any extraordinary display, and in this respect the affair will be much the same as previous launchings at Cramps. Invitations will be confined to naval officials at Washington and a few friends of the builders.

The construction of the Maine was begun on Feb. 18, 1899, and the contract called for the completion of the ship on June 1 of this year, but work on her was delayed because of the controversy arising over the price of armor plate. The Maine is now about 50 per cent completed.

PLENTY OF EXCITEMENT.

Numerous Accidents Occur at the South Omaha Street Fair.

Omaha, July 13.—Several accidents occurred at the South Omaha festivities. During the bull fight a matador was tossed by a bull, having his clothes torn from him and suffering some bruises. At the same arena, during a bucking broncho exhibition, Alfred Pearson was thrown and badly bruised. He afterwards mounted a wild steer and narrowly escaped death, being sent to the hospital unconscious. Roy Boyd, an aeronaut assistant, was accidentally carried 50 feet in the air and fell to the ground, receiving injuries believed to be fatal. He came from Winterset, Ia.

Split His Head With a Hoe.

Memphis, Tenn., July 13.—Joseph Treadway and Adolph Stafford, farmers of Tipton county, engaged in a dispute over their respective crops and Treadway killed Stafford by splitting his head with a hoe. Treadway was arrested.

IS STRONGLY CONSERVATIVE.

New Commission Appointed to Draw Up Cuban Electoral Law.

Havana, July 13.—Senores Diago Tamayo, de Quesada, Marua, de Castro and Montezagudo have been appointed by the constitutional convention as a commission to draw up the electoral law. The commission is strongly conservative, all its members having voted in favor of accepting the Platt amendment. A majority of the commission will favor a property or an educational qualification in the case of candidates for office in order to offset universal suffrage. The commission will begin work immediately.

General Wood's condition continues to improve.

INSURGENTS ACTIVE.

Frequent Attacks Made Upon the City of Cebu.

Manila, July 13.—Cebu, capital of the island of that name, is still frequently fired upon by the insurgents. General Hughes, in command of the Visayas islands, reports progress in the task of penetrating the islands of Samar and scattering the insurgents.

SENSATIONAL SUICIDE.

Judge Russell of Pomeroy, O., Kills Himself at Cincinnati.

Cincinnati, July 13.—A sensational suicide was discovered at the Palace hotel. The man was not identified for some time. It was then found that he was D. A. Russell of Pomeroy, judge of the circuit court and president of one of the banks. Nothing whatever is known of the cause. He left a sealed letter addressed to his wife, upon which was a special delivery stamp. Judge Russell killed himself in his room with a revolver.

He was a prominent Republican and was a candidate for the nomination of supreme judge before the Republican convention in June.

TO DESTROY SMALLPOX GERMS.

City Officers Burn the Bissell Hotel at Joliet, Ill.

Joliet, Ill., July 13.—The burning of the Bissell hotel to destroy germs of smallpox caused much excitement here. The hotel was an old wooden structure, very old, and burned fiercely. Three other buildings caught fire and were destroyed, rendering 50 people, mostly negroes, homeless. The German Evangelical church and the Richard Street M. E. church, the latter one of the finest structures in the city, were also on fire at one time, but were saved. There are numerous threats of damage suits against the city officers who authorized the firing of the hotel.

Porto Rican Society to Meet.

Buffalo, July 13.—Information has been received here that General Miles has decided to call a meeting of the Society of the Porto Rican Expedition in Buffalo on Aug. 26 and 27. General Miles will preside and it is expected 1,000 members will be present. Director General Buchanan has designated Aug. 27 as the association's special day at the exposition.

Mrs. Yates Elected President.

Buffalo, July 13.—Mrs. J. S. Yates of Kansas City was elected president of the National Association of Colored Women, defeating Mrs. Booker T. Washington of Alabama, and Mrs. Bruce of Mississippi. Mrs. Yates has been treasurer of the association for four years. Mrs. M. Terrell, retiring president, was elected honorary president.

Cure For Diseases of Plants.

M. Beauverie, a professor of agriculture, says, according to a Paris dispatch to the New York Sun, that he has made an important discovery in connection with curing diseases of plants. He was experimenting to find a cure for Botrytis cinerea, a rust commonly affecting hothouse plants, and tried treating the soil with a liquid in which he had cultivated botrytis. Plants grown in this soil proved immune from Botrytis cinerea. He hopes to find that other parasitical diseases can be similarly cured.

NATIONS WE FEED.

Great Britain Largest Purchaser of American Farm Products.

Frank H. Hitchcock, chief of the foreign market section of the agricultural department, has compiled statistics showing the distribution of the agricultural exports of the United States for the years 1896 to 1900, says a Washington dispatch. There were a dozen countries in 1900 to each of which the United States exported upward of \$10,000,000 worth of domestic farm products.

The United Kingdom purchased \$408,000,000 and Germany \$134,000,000 worth. The others were:

The Netherlands, \$52,000,000; France, \$45,000,000; Belgium, \$33,000,000; Italy, \$24,000,000; Canada, \$21,000,000; Japan, over \$15,000,000; Denmark, nearly \$15,000,000; Cuba, \$14,000,000; Spain, \$10,500,000, and British Africa, \$10,300,000.

Horse Awnings.

New this year are the horse awnings, put up over horses attached to vehicles kept standing a long time in one spot; as, for instance, the wagon of the men who sell buttermilk by the glass, says the New York Sun. The horse awning is attached at its front end to the top of the harness, projecting above the collar, and then, carried with a regular awning slant up back over the horse's back to be attached at the other end to the front bow of the wagon top, thus giving shade and the free circulation of air under it.

ST. PAUL'S IN DANGER.

Anxiety Felt For Safety of the Famous London Cathedral.

That the foundations of St. Paul's cathedral in London afforded possible grounds for uneasiness has long been known in a vague sort of way, says the Chicago Inter Ocean. The schemes for a new underground electric railway near the cathedral has roused the dormant anxiety, which is stimulated by a pronouncement by Somers Clarke, F. S. A. He points out that the soil on which the cathedral stands was never very good and that this caused Sir Christopher Wren, the architect of the cathedral, to take precautions, despite which the ground yielded. Clarke adds: "Had the subsoil been undisturbed further movement would have been improbable, but the water below the sandy stratum and over the clay was soon tapped as the city increased, establishing a source of great danger. A century ago great ties of iron were put in to the walls of the transepts and tied back to the dome piers and also across their fronts. Since then the south transepts have shown a strong inclination to slide southward down the hillside toward the Thames."

"Moreover, there has not only been a movement southward, but the wall has opened from east to west. This wall, from 8 to 10 feet thick, 130 feet long and 130 feet high, is now showing a tendency to more breakage, evidently caused not by the thrusting of the arches, but by the actual subsidence of the soil beneath. When it is considered that there is now between the cathedral and the river not only deep drains, but an underground railway, with the Waterloo city line beneath that, it is evident that the subsoil on which the ponderous masonry rests has been seriously attacked. The west front, with its heavy towers and bells, has also subsided."

A WITTY LAWYER.

Some Characteristics of A. H. Hummel of New York.

Abraham H. Hummel, the well known New York lawyer, who was seriously injured the other day in London, was born in Boston about 50 years ago. He was educated in the common schools of New York city. His quick wit and bright, alert manner attracted the attention of William F. Howe, who was noted as a leader in criminal law. Mr. Howe took the young man into his office, and there Mr. Hummel laid the foundation of that knowledge of law for which he became distinguished, says the New York Herald.

His tastes did not lie in the direction of the criminal branch of the law, and he developed his specialties, dramatic law and the laws governing marriage and divorce. He was consulted by playwrights, managers, actors and all classes who were connected with the theater. His wide acquaintance with the people of the stage caused him to be regarded as the leading first nighter of New York. The premiere of no dramatic performance seemed complete without him.

In the intricate questions which arose out of the varying laws of the various states in the country with regard to marriage and divorce Mr. Hummel is recognized as an authority. His ready wit, his sarcasm and his power of rapid analysis made him in court a resourceful advocate as well as a formidable opponent. Many anecdotes are told of the way he got the best of his legal adversaries by means of a cleverly turned phrase or a flash of repartee.

Mr. Hummel was for years one of the coteries which is nightly seen at Delmonico's.

ARNOLD AND ZANGWILL.

Pathetic Meeting Between Blind Sir Edwin and the Jewish Novelist.

As Major James B. Pond, the widely known manager for lecturers, was talking on the Victoria hotel balcony a few days ago with Israel Zangwill, the novelist, says the New York World's London correspondent, Sir Edwin Arnold, who has not only lost the use of his legs through paralysis, but has become totally blind, drove up with his devoted Japanese wife to call upon his old friend, Pond, Zangwill and Arnold had not met, and Pond introduced them.

"I would give much," said Sir Edwin to Zangwill, "to see your face, for I know and admire your work, but I fear that I shall never look into the countenance of man or woman again on this earth."

In spite of his infirmities Sir Edwin, whose son, now serving a term in prison for embezzlement, robbed him of the savings of his life, is obliged at the age of 60 years to work hard for a living.

Mexico to Have Fish Canneries.

A plan which is receiving government sanction in Mexico is for the establishment at Mazatlan of a large packery and cannery for the preservation of shrimps and fish, writes a correspondent in the New York Post. Fish of fine grade abound in the waters of Sinaloa and Tepic, but there is no way of preserving them, and consequently there is only a local demand for them. It is thought that the establishment of a thoroughly equipped modern packing house will enable Mexico to compete with the United States in the foreign sale of many kinds of fish.

Fortune From a Skunk Farm.

An entirely new departure in money making enterprises is a skunk farm being operated by Anton Fritz in the vicinity of Smithton, near Greensburg, Pa., says the Philadelphia Press. Mr. Fritz stated recently that he has about 700 skunks. Some time ago he fenced in a rocky ledge and stocked it with polecats. The demand for the pelts and the fat of the animals is very great, and the operator is growing rich.

ACCOMPLISH NOTHING

SECOND DAY OF BIG WAGE CON-
FERENCE IS PASSED IN
DISCUSSION.

MAY REACH A COMPROMISE

President Shaffer Would Meet a Prop-
osition Half Way—Decision of Some
Kind Will Be Reached Soon—Gen-
eral Strike Would Affect Eighty
Thousand Men—Involve All Steel
Trust Plants.

Pittsburg, July 13.—The second day
of the conference between the Amal-
gamated Association of Iron, Steel and
Tin Workers and the manufacturers
came to a close without any agree-
ment having been reached. Another
session will be held and from indica-
tions a settlement or general strike
will be decided upon. Although the
meetings are held behind closed doors
and the proceedings guarded with
great secrecy it is learned that the
entire day was given over to discus-
sion, each side putting its best foot
forward to gain a point. Nothing,
however, was accomplished. When
the conference adjourned all of the
conferees were appealed to for infor-
mation as to the status of affairs, but
nothing definite could be learned.
However, President Shaffer of the
Amalgamated Association consented
to be quoted in the following state-
ment:

"Nothing actually was accomplished.
No proposition was submitted by
either side to the controversy. No
time limit has been set on the confer-
ence, but it must come to an end.
No agreement is reached the general
strike which was scheduled for last
Monday will proceed. I am still

Hoping for a Settlement."

When asked if, in the event of a
strike, it would involve all of the
plants of the United States Steel cor-
poration, Mr. Shaffer replied:

"Every union man in every plant in
any way connected with the steel
corporation will be called out and we
have many members in mills where
they are not suspected by the manu-
facturers."

A general strike, if ordered, would
include the union workers in the Fed-
eral Steel company, the National Steel
company, the American Tin Plate
company, the American Sheet Steel
company and the American Steel Hoop
company and all members in non-
union or open mills, aggregating about
80,000 men, who would be affected.
But it is believed by conservative
steel men that a compromise will be
reached and a strike averted. Presi-
dent Shaffer himself, while not stat-
ing that he is prepared to initiate a
compromise, intimated that should
one come from the other side he would
gladly meet it half way and concede
anything not compromising the inter-
ests of his people.

MACHINISTS GIVE IN.

Strike at Cincinnati Has Been Prac-
tically Declared Off.

Cincinnati, July 13.—The machin-
ists' strike in this city, which began
May 20 and involved from five to
seven thousand employees, practically
has been declared off. A secret mass
meeting of strikers was held at which
a formal report was made that it had
been found impossible to procure as-
sistance in money from the headquar-
ters in Washington. As the strike
benefit fund is exhausted, the strikers
were advised to return to work.

A meeting of the shop commit-
tees of striking machinists from the
various concerns affected was held in
Workingmen's hall. At the conclusion
of the meeting a statement was given
out emphatically denying the report
that the strike had been called off.
It was learned that while it was left
discretionary with the men in a num-
ber of shops to return without any
odium being involved as deserting the
strike several firms were picked out
against which the fight is to be pro-
secuted. The men in these shops have
pledged to remain out and those who
will return will support them. Should
any of these shops attempt to transfer
their work to those in which the men
returned the men have agreed to re-
fuse to handle it.

WILL CONTINUE THE FIGHT.

McCormick, Has No Intention
connected with J. H. Koop as book-
keeper has resigned. It is under-
stood that he is to take a position as
bookkeeper with the new wholesale
grocery firm of Cleary, McGinnis &
Hemstead.

B. N. Tyan leaves tonight for
Toronto, Can., and while away he
will take in the Pan-American expo-
sition. The boys are wondering
what calls him away at this time of
be-ear and there are some who
say that he has matrimony on the
march.

Be Taken Back.

Baltimore, July 13.—About 200
machinists have decided to give up
the fight for a 9-hour working day and
to apply for reinstatement in the shops
of the Maryland Steel company on
the old terms. This brings the machin-
ists' strike to an end in this city.
About 1,200 men employed in various
shops laid down their tools and a
majority of them were granted their
demands.

WINS ANOTHER RACE.

Columbia Again Defeats the Constitu-
tion and Independence.

Newport, P. I., July 13.—The Colum-
bia again defeated the Constitution in
a margin in corrected time of 2 mins.,
19 secs., the Independence being once
at the very start. The Boston yacht,
however, sailed such a very plucky
race after having been shorn of her top
gear that it is generally believed
here that she would have won the race
but for the accident. For 20 minutes
after the start she sailed with the
wreck of her club topsail trailing
astern, while for 6 more she was mo-
tionless, luffed in the wind, while the
crew cleared away the tangle. Mean-
while the other two yachts were
speeding away under all sail, yet the
Independence was only beaten 7
mins., 42 secs., at the first mark and
sailed the second leg of the triangle
in less time than any of the other
yachts, although they carried club
topsails. In the run home the two
Bristol boats under a great press of
sail beat the Lawson yacht a little
over 4 mins. This fine showing of
the Independence did not in any way
detract in the interest of the contest
between the two Herreshoff yachts.
The result of the four contests be-
tween these three boats leaves much
to be determined, especially as to
their relative merits in anything ex-
cept light airs.

WANT STOWE TO STAY.

Merchants and Exporters Would Con-
tribute to His Salary.

Washington, July 13.—The an-
nouncement that United States Consul
General Stowe at Cape Town had
tendered his resignation because his
salary was insufficient to meet living
expenses has caused a commotion in
the commercial world, particularly in
the metal trades. Secretary Hay has
received a number of communications
from merchants and exporters in this
line begging him to secure the with-
drawal of the resignation in view of
Mr. Stowe's great services to the
American export trade, and even
pledging themselves to make good out
of their own means a sum sufficient to
insure a comfortable living for the
consul general.

The secretary of state has been
obliged to decline to allow a consular
officer to be paid from private sources,
and the only possibility of increasing
the salary of the consul general at
Cape Town will lie in a recommendation
by the president to congress.

WANTED TO LYNCH THEM.

Kansas City Mob After a Trio of Ne-
gro Ravishers.

Kansas City, July 13.—A crowd of
2,500 excited men and boys surround-
ed the county jail in this city during
the evening clamoring for vengeance
against three negroes who criminally
assaulted Miss Grace Davis in a popu-
lar and respectable neighborhood. Eight
suspects, two of whom have been
identified, were held at the jail, but
towards midnight six of them were
spirited away to the workhouse,
leaving the two who had been iden-
tified in the jail. The policemen drove
the mob from the courthouse block,
but 500 men remained in the streets
a block away. Among these a rumor
was current that a big crowd of stock
yard men would arrive soon pre-
pared to storm the jail. After awhile
the mob seemed to have abandoned its
lynching plan. Five hundred men, in
squad of 75, have been raiding the
negro quarter in the North End, chas-
ing and beating negroes and smash-
ing windows.

NO SPECIAL CEREMONIES.

Battleship Maine Will Be Launched
Saturday, July 27.

Philadelphia, July 13.—The Cramp
Shipbuilding company has notified the
secretary of the navy that the battle-
ship Maine would be launched on Sat-
urday, July 27, at 10 a. m. It is under-
stood at the yard that there will be no
special ceremonies on the occasion
as had been expected. The launching
will be effected without any extraor-
dinary display, and in this respect the
affair will be much the same as pre-
vious launchings at Cramps. Invitations
will be confined to naval officials at
Washington and a few friends of the
builders.

The construction of the Maine was
begun on Feb. 18, 1899, and the con-
tract called for the completion of the
ship on June 1 of this year, but work
on her was delayed because of the
controversy arising over the price of
armor plate. The Maine is now about
60 per cent completed.

PLENTY OF EXCITEMENT.

Numerous Accidents Occur at the
South Omaha Street Fair.

Omaha, July 13.—Several accidents
occurred at the South Omaha festivi-
ties. During the bull fight a matador
was tossed by a bull, having his
clothes torn from him and suffering
some bruises. At the same arena,
during a bucking broncho exhibition,
Alfred Pearson was thrown and badly
bruised. He afterwards mounted a
wild steer and narrowly escaped
death, being sent to the hospital un-
conscious. Roy Boyd, an aeronaut as-
sistant, was accidentally carried 50
feet in the air and fell to the ground,
receiving injuries believed to be fatal.
He came from Waterset, Ia.

Split His Head With a Hoe.

Memphis, Tenn., July 13.—Joseph
Treadway and Adolph Stafford, farm-
ers of Tipton county, engaged in a
dispute over their respective crops
and Treadway killed Stafford by split-
ting his head with a hoe. Treadway
was arrested.

IS STRONGLY CONSERVATIVE.

New Commission Appointed to Draw
Up Cuban Electoral Law.

Havana, July 13.—Senores Diego
Tamayo, de Quesada, Marua, de Cas-
tro and Montegudo have been ap-
pointed by the constitutional conven-
tion as a commission to draw up the
electoral law. The commission is
strongly Conservative, all its mem-
bers having voted in favor of accept-
ing the Platt amendment. A majority
of the commission will favor a prop-
erty or an educational qualification in
the case of candidates for office in
order to offset universal suffrage. The
commission will begin work im-
mediately.

General Wood's condition continues
to improve.

INSURGENTS ACTIVE.

Frequent Attacks Made Upon the City
of Cebu.

Manila, July 13.—Cebu, capital of
the island of that name, is still fe-
quently fired upon by the insurgents.
General Hughes, in command of the
Visayas islands, reports progress in
the task of penetrating the islands of
Samar and scattering the insurgents.

SENSATIONAL SUICIDE.

Judge Russell of Pomeroy, O., Kills
Himself at Cincinnati.

Cincinnati, July 13.—A sensational
suicide was discovered at the Palace
hotel. The man was not identified for
some time. It was then found that he
was D. A. Russell of Pomeroy, judge
of the circuit court and president of
one of the banks. Nothing whatever
is known of the cause. He left a
sealed letter addressed to his wife,
upon which was a special delivery
stamp. Judge Russell killed himself
in his room with a revolver.

He was a prominent Republican
and was a candidate for the nomina-
tion of supreme judge before the Re-
publican convention in June.

TO DESTROY SMALLPOX GERMS.

City Officers Burn the Bissell Hotel
at Joliet, Ills.

Joliet, Ills., July 13.—The burning
of the Bissell hotel to destroy germs
of smallpox caused much excitement
here. The hotel was an old wooden
structure, very old, and burned fier-
cely. Three other buildings caught fire
and were destroyed, rendering 50
people, mostly negroes, homeless. The
German Evangelical church and the
Richard Street M. E. church, the lat-
ter one of the finest structures in the
city, were also on fire at one time, but
were saved. There are numerous
threats of damage suits against the
city officers who authorized the firing
of the hotel.

Porto Rican Society to Meet.

Buffalo, July 13.—Information has
been received here that General Miles
has decided to call a meeting of the
Society of the Porto Rican Expedition
in Buffalo on Aug. 26 and 27. General
Miles will preside and it is expected
1,000 members will be present. Di-
rector General Buchanan has desig-
nated Aug. 27 as the association's
special day at the exposition.

Mrs. Yates Elected President.

Buffalo, July 13.—Mrs. J. S. Yates
of Kansas City was elected president
of the National Association of Colored
Women, defeating Mrs. Booker T.
Washington of Alabama, and Mrs.
Bruce of Mississippi. Mrs. Yates has
been treasurer of the association for
four years. Mrs. M. Terrell, retiring
president, was elected honorary presi-
dent.

Cure For Diseases of Plants.

M. Beauverie, a professor of agricul-
ture, says, according to a Paris dis-
patch to the New York Sun, that he
has made an important discovery in
connection with curing diseases of
plants. He was experimenting to find
a cure for Botrytis cinerea, a rust com-
monly affecting hothouse plants, and
tried treating the soil with a liquid in
which he had cultivated botrytis. Plants
grown in this soil proved im-
mune from Botrytis cinerea. He hopes
to find that other parasitical diseases
can be similarly cured.

NATIONS WE FEED.

Great Britain Largest Purchaser of
American Farm Products.

Frank H. Hitchcock, chief of the for-
eign market section of the agricultural
department, has compiled statistics
showing the distribution of the agricul-
tural exports of the United States for
the years 1896 to 1900, says a Wash-
ington dispatch. There were a dozen coun-
tries in 1900 to each of which the United
States exported upward of \$10,000,-
000 worth of domestic farm products.
The United Kingdom purchased
\$408,000,000 and Germany \$134,000,000
worth. The others were:

The Netherlands, \$32,000,000; France,
\$45,000,000; Belgium, \$33,000,000; Italy,
\$24,000,000; Canada, \$21,000,000; Japan,
\$15,000,000; Denmark, nearly \$15,-
000,000; Cuba, \$14,000,000; Spain, \$10,-
500,000, and British Africa, \$10,300,000.

Horse Awnings.

New this year are the horse awnings,
put up over horses attached to vehicles
kept standing a long time in one spot;
as, for instance, the wagon of the men
who sell buttermilk by the glass, says
the New York Sun. The horse awning
is attached at its front end to the top of
the harness, projecting above the collar,
and then carried with a regular awning
slant up back over the horse's back to
be attached at the other end to the
front bow of the wagon top, thus giv-
ing shade and the free circulation of
air under it.

ST. PAUL'S IN DANGER.

Anxiety Felt For Safety of the Fa-
mous London Cathedral.

That the foundations of St. Paul's
cathedral in London afforded possible
grounds for uneasiness has long been
known in a vague sort of way, says the
Chicago Inter Ocean. The schemes for a
new underground electric railway
near the cathedral has roused the dor-
mant anxiety, which is stimulated by
a pronouncement by Somers Clarke, F.
S. A. He points out that the soil on
which the cathedral stands was never
very good and that this caused Sir
Christopher Wren, the architect of the
cathedral, to take precautions, despite
which the ground yielded. Clarke adds:
"Had the subsoil been undisturbed
further movement would have been im-
probable, but the water below the sandy
stratum and over the clay was soon
tapped as the city increased, establish-
ing a source of great danger. A cen-
tury ago great ties of iron were put in-
to the walls of the transepts and tied
back to the dome piers and also across
their fronts. Since then the south tran-
septs have shown a strong inclination
to slide southward down the hillside to-
ward the Thames.

"Moreover, there has not only been a
movement southward, but the wall has
opened from east to west. This wall,
from 8 to 10 feet thick, 130 feet long
and 120 feet high, is now showing a
tendency to more breakage, evidently
caused not by the thrusting of the
arches, but by the actual subsidence of
the soil beneath. When it is considered
that there is now between the cathed-
ral and the river not only deep drains,
but an underground railway, with the
Waterloo city line beneath that, it is
evident that the subsoil on which the
ponderous masonry rests has been seri-
ously attacked. The west front, with its
heavy towers and bells, has also sub-
sided."

A WITTY LAWYER.

Some Characteristics of A. H. Hum-
mel of New York.

Abraham H. Hummel, the well
known New York lawyer, who was se-
riously injured the other day in Lon-
don, was born in Boston about 50
years ago. He was educated in the
common schools of New York city.
His quick wit and bright, alert manner
attracted the attention of William F.
Howe, who was noted as a leader in
criminal law. Mr. Howe took the
young man into his office, and there
Mr. Hummel laid the foundation of
that knowledge of law for which he
became distinguished, says the New
York Herald.

His tastes did not lie in the direction
of the criminal branch of the law, and
he developed his specialties, dramatic
law and the laws governing marriage
and divorce. He was consulted by
playwrights, managers, actors and all
classes who were connected with the
theater. His wide acquaintance with
the people of the stage caused him to
be regarded as the leading first night-
er of New York. The premiere of no
dramatic performance seemed complete
without him.

In the intricate questions which arose
out of the varying laws of the various
states in the country with regard to
marriage and divorce Mr. Hummel is
recognized as an authority. His ready
wit, his sarcasm and his power of rap-
id analysis made him in court a re-
sourceful advocate as well as a formi-
dable opponent. Many anecdotes are
told of the way he got the best of his
legal adversaries by means of a cleverly
turned phrase or a flash of repartee.
Mr. Hummel was for years one of
the coteries which is nightly seen at
Delmonico's.

ARNOLD AND ZANGWILL.

Pathetic Meeting Between Blind Sir
Edwin and the Jewish Novelist.

As Major James B. Pond, the wide-
ly known manager for lecturers, was
talking on the Victoria hotel balcony a
few days ago with Israel Zangwill, the
novelist, says the New York World's
London correspondent, Sir Edwin Ar-
nold, who has not only lost the use of
his legs through paralysis, but has be-
come totally blind, drove up with his
devoted Japanese wife to call upon his
old friend, Pond. Zangwill and Arnold
had not met, and Pond introduced
them.

"I would give much," said Sir Edwin
to Zangwill, "to see your face, for I
know and admire your work, but I fear
that I shall never look into the coun-
tenance of man or woman again on
this earth."

In spite of his infirmities Sir Edwin,
whose son, now serving a term in pris-
on for embezzlement, robbed him of
the savings of his life, is obliged at the
age of 60 years to work hard for a
living.

Mexico to Have Fish Canneries.

A plan which is receiving govern-
ment sanction in Mexico is for the
establishment at Mazatlan of a large
packery and cannery for the preserva-
tion of shrimps and fish, writes a cor-
respondent in the New York Post. Fish
of fine grade abound in the waters of
Sinaloa and Tepic, but there is no way
of preserving them, and consequently
there is only a local demand for them.
It is thought that the establishment of
a thoroughly equipped modern packing
house will enable Mexico to compete
with the United States in the foreign
sale of many kinds of fish.

Fortune From a Skunk Farm.

An entirely new departure in money
making enterprises is a skunk farm
being operated by Anton Fritz in the
vicinity of Smithton, near Greensburg,
Pa., says the Philadelphia Press. Mr.
Fritz stated recently that he has about
700 skunks. Some time ago he fenced
in a rocky ledge and stocked it with
polecats. The demand for the pelts and
the fat of the animals is very great,
and the operator is growing rich.

ACCOMPLISH NOTHING

SECOND DAY OF BIG WAGE CONFERENCE IS PASSED IN DISCUSSION.

MAY REACH A COMPROMISE

President Shaffer Would Meet a Proposition Half Way—Decision of Some Kind Will Be Reached Soon—General Strike Would Affect Eighty Thousand Men—Involve All Steel Trust Plants.

Pittsburg, July 13.—The second day of the conference between the Amalgamated Association of Iron, Steel and Tin Workers and the manufacturers came to a close without any agreement having been reached. Another session will be held and from indications a settlement or general strike will be decided upon. Although the meetings are held behind closed doors and the proceedings guarded with great secrecy it is learned that the entire day was given over to discussion, each side putting its best foot forward to gain a point. Nothing, however, was accomplished. When the conference adjourned all of the conferees were appealed to for information as to the status of affairs, but nothing definite could be learned. However, President Shaffer of the Amalgamated Association consented to be quoted in the following statement:

"Nothing actually was accomplished. No proposition was submitted by either side to the controversy. No time limit has been set on the conference, but it must come to an end. No agreement is reached the general strike which was scheduled for last Monday will proceed. I am still Hoping for a Settlement."

When asked if, in the event of a strike, it would involve all of the plants of the United States Steel corporation, Mr. Shaffer replied:

"Every union man in every plant in any way connected with the steel corporation will be called out and we have many members in mills where they are not suspected by the manufacturers."

A general strike, if ordered, would include the union workers in the Federal Steel company, the National Steel company, the American Tin Plate company, the American Sheet Steel company and the American Steel Hoop company and all members in non-union or open mills, aggregating about 80,000 men, who would be affected. But it is believed by conservative steel men that a compromise will be reached and a strike averted. President Shaffer himself, while not stating that he is prepared to initiate a compromise, intimated that should one come from the other side he would gladly meet it half way and concede anything not compromising the interests of his people.

MACHINISTS GIVE IN.

Strike at Cincinnati Has Been Practically Declared Off.

Cincinnati, July 13.—The machinists' strike in this city, which began May 20 and involved from five to seven thousand employees, practically has been declared off. A secret mass meeting of strikers was held at which a formal report was made that it had been found impossible to procure assistance in money from the headquarters in Washington. As the strike benefit fund is exhausted, the strikers were advised to return to work.

A meeting of the shop committees of striking machinists from the various concerns affected was held in Workmen's hall. At the conclusion of the meeting a statement was given out emphatically denying the report that the strike had been called off. It was learned that while it was left discretionary with the men in a number of shops to return without any odium being involved as deserting the strike several firms were picked out against which the fight is to be prosecuted. The men in these shops have pledged to remain out and those who will return will support them. Should any of these shops attempt to transfer their work to those in which the men returned the men have agreed to refuse to handle it.

WILL CONTINUE THE FIGHT.

Bookkeeper O'Connell Has No Intention connected with J. H. Koop as bookkeeper has resigned. It is understood that he is to take a position as bookkeeper with the new wholesale grocery firm of Cleary, McGinnis & Hemstead.

B. N. Tyne leaves tonight for Toronto, Can., and while away he will take in the Pan-American exposition. The boys are wondering what calls him away at this time of the year and there are some who say that he has matrimony on the mind.

Be Taken Back.

Baltimore, July 13.—About 200 machinists have decided to give up the fight for a 9-hour working day and to apply for reinstatement in the shops of the Maryland Steel company on the old terms. This brings the machinists' strike to an end in this city. About 1,200 men employed in various shops laid down their tools and a majority of them were granted their demands.

WINS ANOTHER RACE.

Columbia Again Defeats the Constitution and Independence.

Newport, P. I., July 13.—The Columbia again defeated the Constitution in a margin in corrected time of 2 mins., 19 secs., the Independence being once more last, after losing her topmast at the very start. The Boston yacht, however, sailed such a very plucky race after having been shorn of her top gear that it is generally believed here that she would have won the race but for the accident. For 20 minutes after the start she sailed with the wreck of her club topsail trailing astern, while for 6 more she was motionless, luffed in the wind, while the crew cleared away the tangle. Meanwhile the other two yachts were speeding away under all sail, yet the Independence was only beaten 7 mins., 42 secs., at the first mark and sailed the second leg of the triangle in less time than any of the other yachts, although they carried club topsails. In the run home the two Bristol boats under a great press of sail beat the Lawson yacht a little over 4 mins. This fine showing of the Independence did not in any way detract in the interest of the contest between the two Herreshoff yachts. The result of the four contests between these three boats leaves much to be determined, especially as to their relative merits in anything except light airs.

WANT STOWE TO STAY.

Merchants and Exporters Would Contribute to His Salary.

Washington, July 13.—The announcement that United States Consul General Stowe at Cape Town had tendered his resignation because his salary was insufficient to meet living expenses has caused a commotion in the commercial world, particularly in the metal trades. Secretary Hay has received a number of communications from merchants and exporters in this line begging him to secure the withdrawal of the resignation in view of Mr. Stowe's great services to the American export trade, and even pledging themselves to make good out of their own means a sum sufficient to insure a comfortable living for the consul general.

The secretary of state has been obliged to decline to allow a consular officer to be paid from private sources, and the only possibility of increasing the salary of the consul general at Cape Town will lie in a recommendation by the president to congress.

WANTED TO LYNCH THEM.

Kansas City Mob After a Trio of Negro Ravishers.

Kansas City, July 13.—A crowd of 2,500 excited men and boys surrounded the county jail in this city during the evening clamoring for vengeance against three negroes who criminally assaulted Miss Grace Davis in a populous and respectable neighborhood. Eight suspects, two of whom have been identified, were held at the jail, but towards midnight six of them were spirited away to the workhouse, leaving the two who had been identified in the jail. The policemen drove the mob from the courthouse block, but 500 men remained in the streets a block away. Among these a rumor was current that a big crowd of stock yards men would arrive soon prepared to storm the jail. After awhile the mob seemed to have abandoned its lynching plan. Five hundred men, in squads of 75, have been raiding the negro quarter in the North End, chasing and beating negroes and smashing windows.

NO SPECIAL CEREMONIES.

Battleship Maine Will Be Launched Saturday, July 27.

Philadelphia, July 13.—The Cramp Shipbuilding company has notified the secretary of the navy that the battleship Maine would be launched on Saturday, July 27, at 10 a. m. It is understood at the yard that there will be no special ceremonies on the occasion as had been expected. The launching will be effected without any extraordinary display, and in this respect the affair will be much the same as previous launchings at Cramps. Invitations will be confined to naval officials at Washington and a few friends of the builders.

The construction of the Maine was begun on Feb. 18, 1899, and the contract called for the completion of the ship on June 1 of this year, but work on her was delayed because of the controversy arising over the price of armor plate. The Maine is now about 60 per cent completed.

PLENTY OF EXCITEMENT.

Numerous Accidents Occur at the South Omaha Street Fair.

Omaha, July 13.—Several accidents occurred at the South Omaha festivities. During the bull fight a matador was tossed by a bull, having his clothes torn from him and suffering some bruises. At the same arena, during a bucking broncho exhibition, Alfred Pearson was thrown and badly bruised. He afterwards mounted a wild steer and narrowly escaped death, being sent to the hospital unconscious. Roy Boyd, an aeronaut assistant, was accidentally carried 50 feet in the air and fell to the ground, receiving injuries believed to be fatal. He came from Winterset, Ia.

Split His Head With a Hoe.

Memphis, Tenn., July 13.—Joseph Treadway and Adolph Stafford, farmers of Tipton county, engaged in a dispute over their respective crops and Treadway killed Stafford by splitting his head with a hoe. Treadway was arrested.

IS STRONGLY CONSERVATIVE.

New Commission Appointed to Draw Up Cuban Electoral Law.

Havana, July 13.—Senores Diago Tamayo, de Quesada, Marzu, de Castro and Montegudo have been appointed by the constitutional convention as a commission to draw up the electoral law. The commission is strongly conservative, all its members having voted in favor of accepting the Platt amendment. A majority of the commission will favor a property or an educational qualification in the case of candidates for office in order to offset universal suffrage. The commission will begin work immediately.

General Wood's condition continues to improve.

INSURGENTS ACTIVE.

Frequent Attacks Made Upon the City of Cebu.

Manila, July 13.—Cebu, capital of the island of that name, is still frequently fired upon by the insurgents. General Hughes, in command of the Visayas islands, reports progress in the task of penetrating the islands of Samar and scattering the insurgents.

SENSATIONAL SUICIDE.

Judge Russell of Pomeroy, O., Kills Himself at Cincinnati.

Cincinnati, July 13.—A sensational suicide was discovered at the Palace hotel. The man was not identified for some time. It was then found that he was D. A. Russell of Pomeroy, judge of the circuit court and president of one of the banks. Nothing whatever is known of the cause. He left a sealed letter addressed to his wife, upon which was a special delivery stamp. Judge Russell killed himself in his room with a revolver.

He was a prominent Republican and was a candidate for the nomination of supreme judge before the Republican convention in June.

TO DESTROY SMALLPOX GERMS.

City Officers Burn the Bissell Hotel at Joliet, Ills.

Joliet, Ills., July 13.—The burning of the Bissell hotel to destroy germs of smallpox caused much excitement here. The hotel was an old wooden structure, very old, and burned fiercely. Three other buildings caught fire and were destroyed, rendering 50 people, mostly negroes, homeless. The German Evangelical church and the Richard Street M. E. church, the latter one of the finest structures in the city, were also on fire at one time, but were saved. There are numerous threats of damage suits against the city officers who authorized the firing of the hotel.

Porto Rican Society to Meet.

Buffalo, July 13.—Information has been received here that General Miles has decided to call a meeting of the Society of the Porto Rican Expedition in Buffalo on Aug. 26 and 27. General Miles will preside and it is expected 1,000 members will be present. Director General Buchanan has designated Aug. 27 as the association's special day at the exposition.

Mrs. Yates Elected President.

Buffalo, July 13.—Mrs. J. S. Yates of Kansas City was elected president of the National Association of Colored Women, defeating Mrs. Booker T. Washington of Alabama, and Mrs. Bruce of Mississippi. Mrs. Yates has been treasurer of the association for four years. Mrs. M. Terrell, retiring president, was elected honorary president.

Cure For Diseases of Plants.

M. Beaurverie, a professor of agriculture, says, according to a Paris dispatch to the New York Sun, that he has made an important discovery in connection with curing diseases of plants. He was experimenting to find a cure for Botrytis cinerea, a rust commonly affecting hothouse plants, and tried treating the soil with a liquid in which he had cultivated botrytis. Plants grown in this soil proved immune from Botrytis cinerea. He hopes to find that other parasitical diseases can be similarly cured.

NATIONS WE FEED.

Great Britain Largest Purchaser of American Farm Products.

Frank H. Hitchcock, chief of the foreign market section of the agricultural department, has compiled statistics showing the distribution of the agricultural exports of the United States for the years 1896 to 1900, says a Washington dispatch. There were a dozen countries in 1900 to each of which the United States exported upward of \$10,000,000 worth of domestic farm products. The United Kingdom purchased \$408,000,000 and Germany \$134,000,000 worth. The others were: The Netherlands, \$32,000,000; France, \$43,000,000; Belgium, \$33,000,000; Italy, \$24,000,000; Canada, \$21,000,000; Japan, over \$15,000,000; Denmark, nearly \$15,000,000; Cuba, \$14,000,000; Spain, \$10,500,000, and British Africa, \$10,300,000.

Horse Awnings.

New this year are the horse awnings, put up over horses attached to vehicles kept standing a long time in one spot; as, for instance, the wagon of the men who sell butter milk by the glass, says the New York Sun. The horse awning is attached at its front end to the top of the harness, projecting above the collar, and then carried with a regular awning slant up back over the horse's back to be attached at the other end to the front bow of the wagon top, thus giving shade and the free circulation of air under it.

ST. PAUL'S IN DANGER.

Anxiety Felt For Safety of the Famous London Cathedral.

That the foundations of St. Paul's cathedral in London afforded possible grounds for uneasiness has long been known in a vague sort of way, says the Chicago Inter Ocean. The schemes for a new underground electric railway near the cathedral has roused the dormant anxiety, which is stimulated by a pronouncement by Somers Clarke, F. S. A. He points out that the soil on which the cathedral stands was never very good and that this caused Sir Christopher Wren, the architect of the cathedral, to take precautions, despite which the ground yielded. Clarke adds: "Had the subsoil been undisturbed further movement would have been improbable, but the water below the sandy stratum and over the clay was soon tapped as the city increased, establishing a source of great danger. A century ago great ties of iron were put in to the walls of the transepts and tied back to the dome piers and also across their fronts. Since then the south transepts have shown a strong inclination to slide southward down the hillside toward the Thames.

"Moreover, there has not only been a movement southward, but the wall has opened from east to west. This wall, from 8 to 10 feet thick, 130 feet long and 130 feet high, is now showing a tendency to more leakage, evidently caused not by the thrusting of the arches, but by the actual subsidence of the soil beneath. When it is considered that there is now between the cathedral and the river not only deep drains, but an underground railway, with the Waterloo city line beneath that, it is evident that the subsoil on which the ponderous masonry rests has been seriously attacked. The west front, with its heavy towers and bells, has also subsided."

A WITTY LAWYER.

Some Characteristics of A. H. Hummel of New York.

Abraham H. Hummel, the well known New York lawyer, who was seriously injured the other day in London, was born in Boston about 50 years ago. He was educated in the common schools of New York city. His quick wit and bright, alert manner attracted the attention of William F. Howe, who was noted as a leader in criminal law. Mr. Howe took the young man into his office, and there Mr. Hummel laid the foundation of that knowledge of law for which he became distinguished, says the New York Herald.

His tastes did not lie in the direction of the criminal branch of the law, and he developed his specialties, dramatic law and the laws governing marriage and divorce. He was consulted by playwrights, managers, actors and all classes who were connected with the theater. His wide acquaintance with the people of the stage caused him to be regarded as the leading first nighter of New York. The premiere of no dramatic performance seemed complete without him.

In the intricate questions which arose out of the varying laws of the various states in the country with regard to marriage and divorce Mr. Hummel is recognized as an authority. His ready wit, his sarcasm and his power of rapid analysis made him in court a resourceful advocate as well as a formidable opponent. Many anecdotes are told of the way he got the best of his legal adversaries by means of a cleverly turned phrase or a flash of repartee.

Mr. Hummel was for years one of the coterie which is nightly seen at Delmonico's.

ARNOLD AND ZANGWILL.

Pathetic Meeting Between Blind Sir Edwin and the Jewish Novelist.

As Major James B. Pond, the widely known manager for lecturers, was talking on the Victoria hotel balcony a few days ago with Israel Zangwill, the novelist, says the New York World's London correspondent, Sir Edwin Arnold, who has not only lost the use of his legs through paralysis, but has become totally blind, drove up with his devoted Japanese wife to call upon his old friend, Pond. Zangwill and Arnold had not met, and Pond introduced them.

"I would give much," said Sir Edwin to Zangwill, "to see your face, for I know and admire your work, but I fear that I shall never look into the countenance of man or woman again on this earth."

In spite of his infirmities Sir Edwin, whose son, now serving a term in prison for embezzlement, robbed him of the savings of his life, is obliged at the age of 60 years to work hard for a living.

Mexico to Have Fish Canneries.

A plan which is receiving government sanction in Mexico is for the establishment at Mazatlan of a large packery and cannery for the preservation of shrimps and fish, writes a correspondent in the New York Post. Fish of the grade abound in the waters of Sinaloa and Tepic, but there is no way of preserving them, and consequently there is only a local demand for them. It is thought that the establishment of a thoroughly equipped modern packing house will enable Mexico to compete with the United States in the foreign sale of many kinds of fish.
